William:

The following is a list of discrepancies in the Biennial Hazardous Waste Report for 1999 for Chemical Conservation Corporation and/or its customers. The first entry is the customer name and ID, the second is the destination TSDF ID from the customer form GM. Next are the amounts in question: first the tons they reported shipping to you and second the tons you report receiving from them.

I would appreciate your checking your records for the generators in question and submitting any corrections or explanations for the discrepancies. Any work you could do in contacting and working with your customers would be appreciated both by the customer and DEP, in that it will avoid the neccessity of direct contact by DEP with your customers.
