Virginia B. Wetherell Secretary

August 22, 1996

CERTIFIED MAIL RETURN RECEIPT REQUESTED

Mr. William F. Labadie Chemical Conservation Corporation 10100 Rocket Blvd. Orlando, Florida 32824 FLD 980 - 100 - 5559- 100 - 10

Dear Mr. Labadie:

In your submission of the <u>1995 Biennial Hazardous Waste Report</u> to the Florida Department of Environmental Protection (FDEP), there were many reporting inconsistencies, including the use of invalid EPA ID numbers for generator sites sending waste to your facility and reporting the shipment of waste to facilities and treatment systems not known to be compatible with the type of waste sent to them. These problems were discussed by telephone on July 8, 1996 with Levern Halstead, who re-submitted the report with some corrections for incorrect data and format.

This letter is to notify you that the FDEP has not received a correct submission of the Biennial Hazardous Waste Report for 1995 and to request a corrected submission of accurate information concerning sites sending hazardous waste to or receiving hazardous waste from your facility.

A copy of the error listing for your report is enclosed. Returning a copy of this list with annotations of the corrected data would constitute an acceptable re-submission of data.

Any re-submission or clarification of your report must be postmarked or hand delivered to our office by the 15th working day after your receipt of this letter. You may seek an extension of time to submit your clarifications, but the request must be made before the end of the 15 day period. FDEP considers this report to be an important and integral part of the compliance process, and failure to submit correct data in the future may be reviewed for further action by this Department.

Should you have any questions in this matter, please contact Jack Griffith at (904)488-0300 or MS 4555 at the letterhead address.

Sincerely,
Vacal Clarke

Raoul Clarke

Environmental Administrator
