Subject: Safety Kleen Initiative of 2/27/1992

A Mr. Craig Bruckman, of the Department of Defense, Office of Inspector General, Defense Criminal Investigation Service called asking about the complaint we have filed against Safety Kleen since they are a GSA Contractor for Defense related facilities. I sent him a copy and the Region IV press release. Mr. Bruckman may be reached at 904-651-6377 if we need to provide him with any additional information. His address is as follows:

DCIS
One Eleventh Ave., Suite E-1
Shalimar, FL 32579

He is also working with Jane Mears on the Martin Electronics Case in Perry, Florida which I understand now has Secretary Browner's attention.
