Yes. I prefer to get the SWMU profile sheet so we can call the application complete.

Good Afternoon Merlin,

Happy New Year to you as well! I have completed the SWMU profile sheet, but the last box asks for a photograph which I don't have at the moment. I probably won't be able to get down there to get one for a week or so. Is the photo something I can forward to you when I have a chance to get down to Medley at a later date?

Thanks, Jeff

Jeff,

Happy New Year! Here we go again....

Just a reminder to get that SWMU profile sheet in. I just printed off the revised WAP you sent and will check to ensure changes were made but I can't call the application complete without the profile sheet.

Your permit is drafted. I am awaiting engineer's review. Hope to have it to you "soon".

Merlin,

Attached please find the entire WAP, as there may have been some other pages affected by my revision. I did receive confirmation from the Department that they received my 8700-12FL for Medley. I will get the SWMU-13 profile sheet to you early next week. Enjoy your time off and the holidays!!

Jeff,

Just a reminder that we need the following:

1. Page 10 of the WAP that has the paragraph on it that used to be the last paragraph on page 9.
2. 8700-12FL (I will ck with Tiffaney when she gets in to see if it has arrived)
3. The SWMU-13 profile sheet

Once we have those, we can call the application complete. Thanks.
