Thanks Marc,
Dawn's out today, so I'll approve the time extension. Bryan

Subject: RE: Ricky's Oil - Review of Application

Hi Dawn

Happy New Year. The previous tank inspection records, from several years ago (STI SP001 for the above ground storage tanks), could not be located after the Ricky's Oil administrative office was relocated . On this basis the tanks were just re-inspected and the contractor indicated the report will take some additional time to complete due to his backlog and number of tanks inspected. On this basis, MAS Environmental , LLC, on behalf of Ricky's Oil , requests an additional 30 day extension so that a complete RAI package can be submitted. The new due date would therefore be February 17, 2018.

Thank you for your consideration

Best Regards

Marc

Marc,

Based on the concerns you expressed this morning (complexity and length of the RAI and the upcoming holidays), an extension of 30-days to respond to the Department's RAI is hereby granted. Please submit the responses to the Department's RAI no later than January 17, 2018.

Sincerely,

Dawn Cinquino

Subject: Ricky's Oil - Review of Application

Dear Mr. Paul,

Thank you for submitting your Permit Renewal Application for Ricky's Oil & Environmental Services, LLC. The Department recently reviewed your application and sent you a Request for Additional

Information (RAI). A response to that RAI is due on or before December 17, 2017.

During the review process, the district office supplied several comments for inclusion in the RAI. Some of these comments were incorporated into the RAI; however, I would like to provide you with the entire set of comments. They are attached to this email. You do not need to respond to the attached comments but they may help you in revising your permit application during future submittals.

Should you have any questions, please call me at 850-245-8766. If you cannot reach me, please contact Brad Buselli at 850-245-8989.

Sincerely,

Dawn Cinquino
