---

Good Morning Merlin,

This is a follow up to our telephone conversation yesterday regarding the Safety-Kleen Continued Use Program (CUP). As I stated on the call, Safety-Kleen has completely phased out the CUP at the Tampa branch. The last few customers on the program at the Tampa branch were transitioned out on 12/6/17, and CUP will no longer be offered or operated at the branch. Going forward, it is Safety-Kleen's plan to phase out CUP at the remaining Florida branches that operate the program (Orange Park, Sanford, and Tallahassee) as the respective permits come due for renewal. We are currently working on phasing out the program at the Orange Park branch and plan on having this completed before the permit renewal application due date (June 2018). If the Department has any questions please let me know.

Thanks, Jeff
