Hello Steve,

Thanks, for your quick review and response.

John,

Please review and revise as appropriate through the renewal permit applications including the Solid Waste renewal permit application, SPCC plan, FA (closure cost estimates form), etc.

Bheem

You can all thank the US Postal Service for the address confusion. The physical address is correct 3555 E SR 60. However we have been advised to use 5080 E SR 60 as a mailing address.

Respectfully,

Steve Obst

Hi all,

Please see below email from Bradley Buselli.

Please review, revise and respond as appropriate along with the RAI, which was issued on July 13, 2018.

If you have any questions, please contact Brad or me.

Thanks,

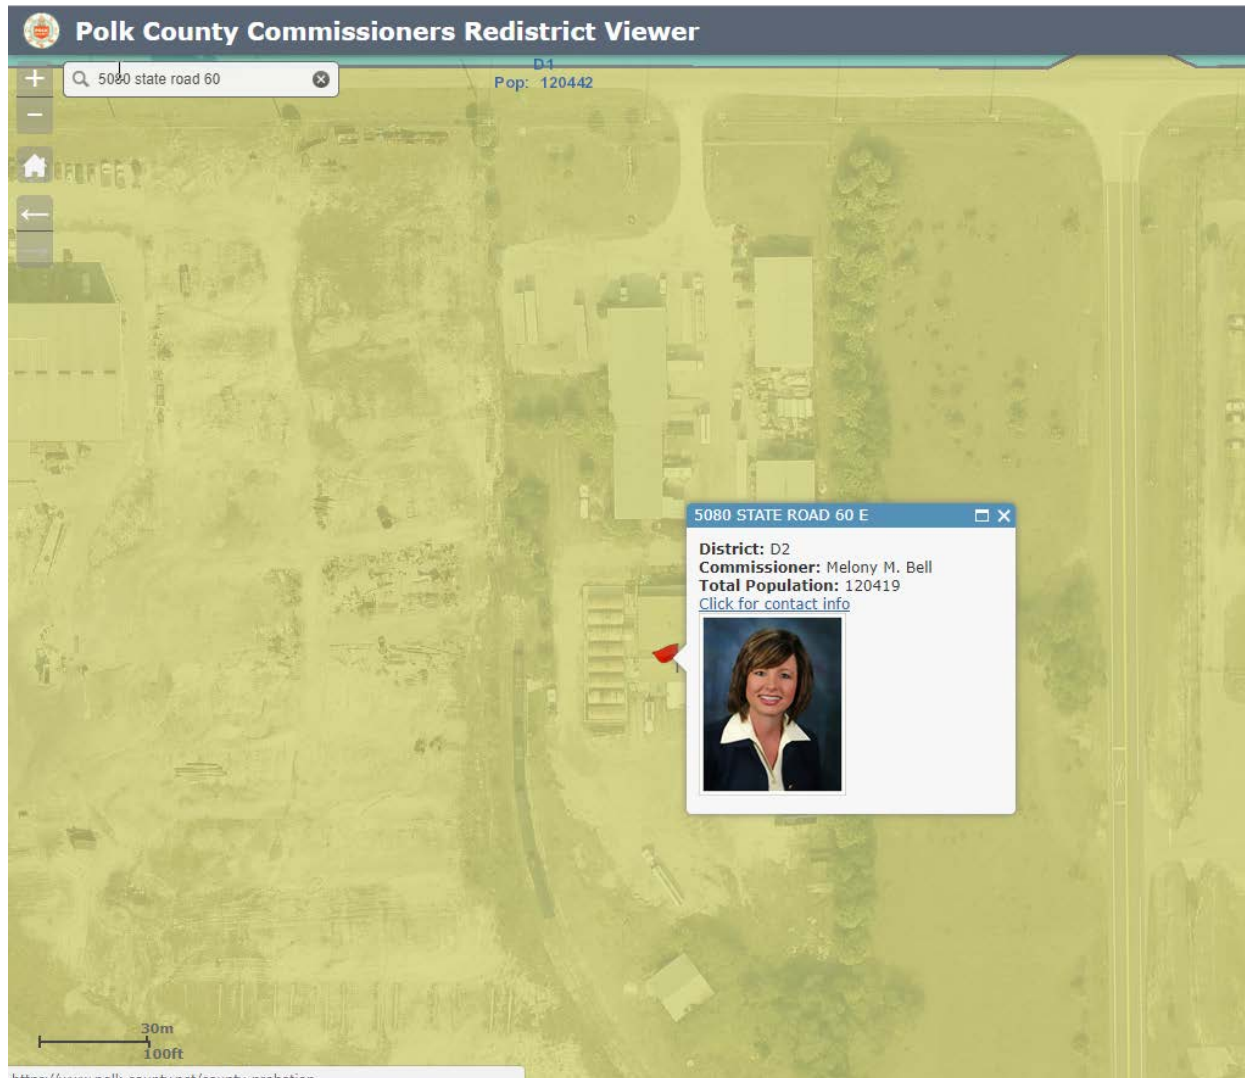

Bheem R. Kothur, P.E., DEE

John,

I should have also included this screen shot as well; perhaps google maps is incorrect!

Subject: Raider Mulberry Address Clarification

Good Morning John,

As we discussed on the phone this morning, there appear to be some address inconsistencies within the permit application, and I wanted to clarify where those instances occurred. Any revisions can be bundled within the responses to the RAI dated July 13, 2018.

Used Oil Application

-The 8700-12 lists the address as 3555 E SR 60 (Please note that if this is the correct address, an updated 8700-12 should be resubmitted using the revised form version dated April 23, 2013).

-Form 62-710.901(6), Part II, PE Certification: address listed as 3055 E SR 60 (please revise).

-Cover page of SPCC: address listed as 3555 E SR 60.

-SPCC PE Certification: address listed as 5080 E SR 60.

-Closing Cost Estimate Form: address listed as 5080 E SR 60.

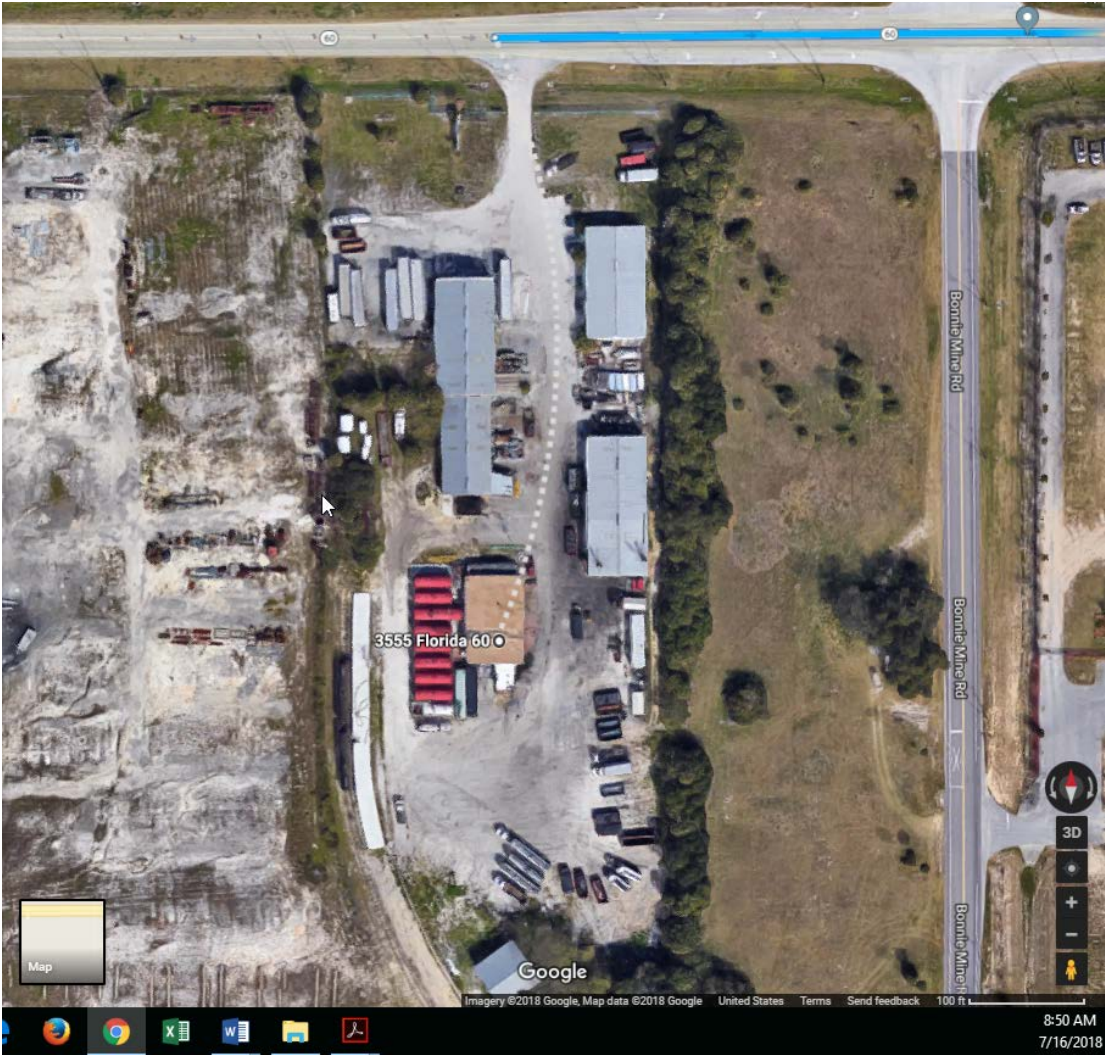

Solid Waste Application

-Application: address listed as 5080 E SR 60.

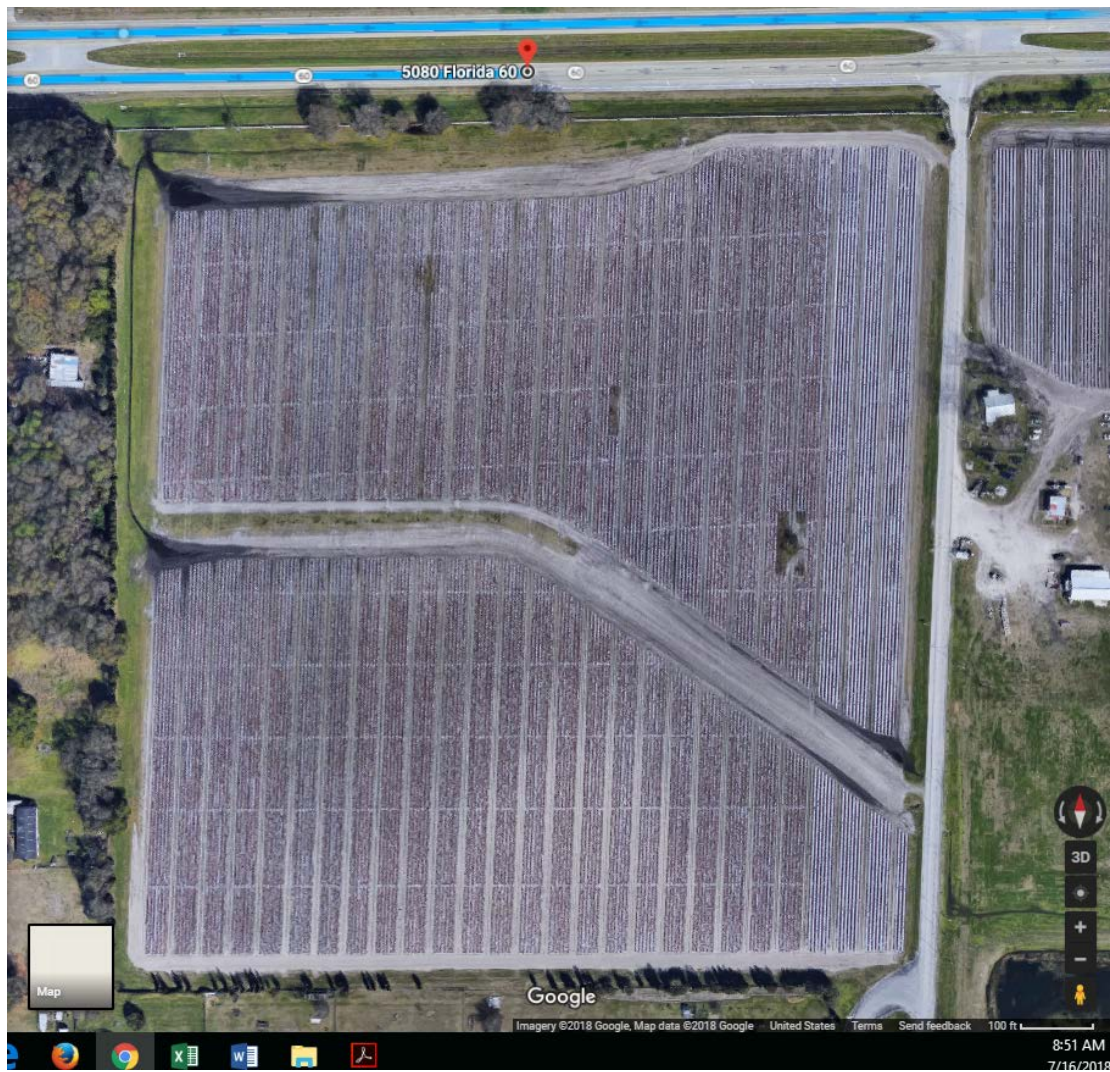

-Closure Plan Introduction: address listed as 5080 E SR 60.

Also, below are screen shots from Google Maps of 3555 E SR 60 and 5058 E SR 60. Based on [Figure 2 from the SPCC](#) and the below maps, it does appear that 3555 should be listed as the physical location of the facility.

3555...

5080...
