<b>HEAVY EQUIPMENT:</b>	ALSO AVAILABLE ON A 24-HOUR/DAY BASIS:  1 BACKHOE 1 FORKLIFT

## **STORAGE TANK SPILL**

1. Call Davie Fire Department **911**. Inform them there has been a tank failure at World Petroleum Corp at 3650 S.W. 47<sup>th</sup> Avenue, Davie, FL and used oil is being contained. The Fire Department should be present with foam extinguishers to protect against fire.
2. Notify the Davie Police Department at 911.
3. Secure the portable pump from the maintenance building.
4. Set the equipment at least 25 feet away from the spill area to avoid any possible electrical ignition of the spilled fuel.
5. Position as many empty tankers as necessary to pump the fuel out of the dike and into the tanker. The tankers should be parked by the loading rack if possible to handle any tanker overflow. (Could require 3 to 5 tankers depending on the size of the tanker and the quantity of fuel in the storage tank).
6. As each tanker is filled, move it to a remote area of the property.
7. After pumping as much fuel as possible, spray the area with foam (if that has not already been done) and follow clean-up instructions from Emergency Coordinator.
8. Call the F.D.E.P. State Warning Point (800) 320-0519.
9. Call the Environmental Protection Agency in Atlanta, Georgia at (404) 562-8700.

## **TANK TRUCK SPILL**

1. If unloading operation is in progress, cease operation.
2. Quickly check the tanker to see if the fuel discharge is due to an open valve or leak that can be quickly plugged. Stop the flow if possible.
3. Make sure that there is nothing in the vicinity that could ignite the fuel. Make especially sure there is no smoking.
4. Clear the areas of all personnel and equipment.
5. Notify Eric Miranda: 954-327-0724  
Philip Pierre-Louis: 754-581-2566
6. Call the County Fire Department (Station I) at 911. Inform them that a tanker has ruptured at World Petroleum Corp facility located at 3650 S.W. 47<sup>th</sup> Avenue, Davie, Florida and used oil is being released. The Fire Department should be present with foam extinguishers to protect against fire.
