

Addendum to Solid Waste Permit Application
Raider Mulberry Facility

The following comments refer to the Request for Additional Information letter dated July 13, 2018. Item numbers correspond to the “Review Comments for Renewal of Material Processing Facility Permit.”

1. The Permit application has been revised per the comments from the Department.
2. The maximum amount of solid waste stored at the facility will be 40 tons. Daily receipt of solid waste will be 0-20 tons, as noted in the revised application. Daily inventories will be taken to confirm that the maximum amount of solid waste stored on-site will not exceed 40 tons. It will take one day to process 20 tons of solid waste.
3. A site plan has been included with the Used Oil Processor application.
4. A boundary survey has been included with the Used Oil Processor application.
5. A daily log including the quantity of solid waste received, processed, stored, and removed from the site for recycling or disposal and the county of origin will be maintained on the site. Records will include the type of solid waste, recovered materials, residuals, and unacceptable waste which is processed, recycled, and disposed. The records will be compiled on a monthly basis and maintained at the facility for 3 years.
6. The Facility Closure Procedures have been revised to reflect the correct Rule reference.
7. The contingency plan provided as part of the Used Oil Processor permit complies with 62-701.320(16) and 62-701.710(2)(g) F.A.C.
8. Financial Assurance documentation has been included with the Used Oil Processor application.
9. No enforcement actions for solid waste management facilities have occurred.
10. The Process Description has been revised to remove references to *waste oil*.
