Good morning Mr. Ellis,

As discussed during our telephone conversation yesterday, December 13, 2018, please ensure that documentation of the following corrective actions are received prior to noon today, December 14, 2018:

- One drum located in the outdoor area contained mercury-containing lamps and was not properly closed and labeled. Please provide photo documentation of the properly closed, labeled drum.
- Several totes of used oil located in the covered area were not properly labeled with the words "used oil." Please provide photo documentation of the properly labeled totes.
- Please provide documentation of the transporter's used oil training certifications, as well as documentation of training for the handling of mercury-containing devices. I have attached to this email items that can be used for training.

Please do not hesitate to contact me if you have any questions or would like to discuss further. Have a great day.

Regards,

**Shannon Lenhart**

**Subject:** Electrical Engineering Enterprises - FLR000215376 - Hazardous Waste Compliance Inspection Follow Up

Good afternoon Mr. Ellis,

Thank you for accompanying the Department on the Hazardous Waste Compliance inspection conducted on 11/26/18 of Electrical Engineering Enterprises, Inc. During the inspection of this facility, the following areas were noted as being out of compliance:

- One drum located in the outdoor area contained mercury-containing lamps and was not properly closed and labeled. Please provide photo documentation of the properly closed, labeled drum.
- Several totes of used oil located in the covered area were not properly labeled with the words "used oil." Please provide photo documentation of the properly labeled totes.
- Please provide documentation of the transporter's used oil training certifications, as well as documentation of training for the handling of mercury-containing devices. I have attached to this email items that can be used for training.

Please provide the necessary documents, as well as photo documentation that the mentioned concerns have been fixed in order to ensure that this facility returns to compliance. I appreciate your time and assistance with this matter.

Please feel free to contact me directly with any questions or concerns. The Department looks forward to assisting your facility with its return to compliance.

Regards,

**Shannon Lenhart**
