Cheryl,
Thank you for the follow up. Unless I missed it, will you please forward the sign in sheet?
Thanks
Anita

Subject: FOLLOW-UP FROM HCC MTG FRIDAY 12/7

Hello HCC Team – thank you again for meeting with us last week. The information I owe you all will

trickle-in via several emails but I wanted to get you the spreadsheet we worked with on Friday first. You can add your actions and status, possibly in the blocks that I have now shaded green; you can change the name of the file's date when actions occur at different times; or feel free to make whatever modifications/revisions you need to make it workable for you.

The link to our HW Handler website that can be used for checking generator information and IDs is below. If anyone needs a quick tutorial on usage I will be happy to walk them through over the phone or create some 'screen-grab' pages if needed.
Florida's HW Handler Website

Other items I owed everyone:

1. I will forward the LQG workshop email next.
2. The UO/UOF Facility Checklists were sent to Vinnie and Kevin previously but I will forward those also so that everyone will have a copy of those.
3. The penalty guidance and policies will be forwarded tomorrow afternoon or Wednesday.
4. I am researching whether we have any guidance on oil-impermeable coatings and will provide feedback on the results this week

If there is something else I missed please let me know. Thank you,

r/
Cheryl
