Good afternoon Ryan,

The purpose of this correspondence is to transmit information from the Florida Department of Environmental Protection to the contact of record for the facility listed above. On February 20, 2019, the Department conducted a hazardous waste compliance evaluation inspection (CEI) at your facility which appeared to be in compliance at the time of inspection.

Most information received or sent by the Department is public record and is placed into OCULUS, an electronic database. You can view this and other documents for this facility once they become available tomorrow morning at the following link: [Triumvirate EPA ID FLD981018773](#)

Please contact me if you have any questions about the inspection or any other compliance related issues. Thank you for your cooperation.

Best Regards,
