Good morning Mr. Kinley,

Thank you for your prompt response to the Department's request for additional information related to the In-Kind Project at McKay Bay (OGC# 18-1323). As indicated below, a review of UES's compliance file reflects timesheets were only submitted for May and June of 2019. At your earliest convenience, please submit timesheets, logs, field sheets, or the like, reflecting employee hours expended tending the Watergoat. We appreciate your assistance with these matters.

Sincerely,

Shannon Kennedy

Good morning. I'm just following up as I haven't received any reply from you all.

If you would like me to submit copies of timesheets for our personnel, then we can certainly accommodate you with that going forward. It will be an effort to pull the old ones from prior service dates.

I hope this is a reasonable solution for you.

Regards,
Ed Kinley

I don't interpret it that way. We show the hours related to the P3 activity in our submittal. Pulling timesheets will require additional Administrative Time. That time would have to be accounted for too. Looks like there was more concern in that correspondence regarding expendables than personnel hours / tracking. Can you give me a call to discuss?

Regards,
EK

Good morning Mr. Kinley,

Thank you for sending over UES's 10/17/2019 expense report breakdown and photo of the cleaning process at McKay Bay. While reviewing the submittals related to the In-Kind Project for OGC File # 18-1323, it appears that the Department has not received the employee and/or foreman timesheets for the days they were performing the on-site work. Please submit the requested timesheets for each employee whom was engaged in cleaning activities from July 11, 2019 thru today. Your prompt attention to this matter would be greatly appreciated.

Please let us know if there are any questions related to what is being requested.

Tanks,

Shannon K
