Campbellton, FL 32426

Dear Mr. Hinson:

The Department of Environmental Protection (Department) reviewed your Second Quarter 2013 Waste Report, for your facility known as Springhill Regional Landfill, located on the west side of State Road 273, approximately 1.5 miles from Campbellton, Jackson County, (DEP Permit No. 0000475-020-SO; Facility Identification No.: 6319). The Waste Report was received by the Department on July 3, 2013.

Based on the review, the reports appear to meet the requirements of Rule 62-701.500(4)(b), Florida Administrative Code, and Specific Condition 3.3.K.1 of the facility's permit. Please note that in accordance with Specific Condition 3.3.K.1.c., the reports shall be compiled monthly, and copies shall be provided to the Department annually, on or before February 1 of each year. Therefore, quarterly reports are not required; however, the facility may continue to submit the reports quarterly, if desired.

As an alternative and to save paper, you may also submit waste quantity report information through the DEP Business Portal on our website or at: <http://www.dep.state.fl.us/secretary/portal/default.htm>, click on the submit reports tab and under Waste, click on the Solid Waste Quantity Report link to sign in and submit an annual report.
