Certainly but please provide an estimated time frame. I have deadlines to complete my reports.

Thank you,
Michael

Thank you Howard. It was a pleasure to meet you and go over the requirements for the wash rack and used oil transportation.

Here is a list of things I'll need from you once you get the records back at your facility:

1. Industrial wastewater wash rack
 - a. A copy of the current permit
 - b. A copy of the current Best Management Practices (BMP) Plan
 - c. A copy of service records from the past 12 months (make sure you keep three years of records onsite)
2. Used oil transporter
 - a. A copy of used oil transportation records for the past six months (make sure you keep three years of records onsite)

- b. Liability insurance coverage (please contact Janet Ashwood, janet.ashwood@floridadep.gov, in our Tallahassee office regarding the coverage)

If you have any questions please contact me.

Thank you,

Michael, I just wanted to thank you for your time the other day. I also wanted to reinforce my statement that we will do everything in our power to comply with any standards and do what's best for the environment. I found out that up until recently there was a girl here at the branch that handled all of our regulatory documents, she moved on to another job and all of her files were then transferred to our corporate office in Tampa, we are working on getting those back over to live here at the facility. I can reach out to you once we have that completed. Have a great day.
