Introduction:

On June 19, 2020, John White, Florida Department of Environmental Protection, conducted a file review of Watson Paving, Inc. for compliance with state and federal hazardous waste regulations. The facility is no longer in operation at this location.

Conclusion:

Florida Administrative Code 62-730.150(2)(b) requires generators notify the Department of all changes in status, including changes in facility name and location. As the notification information for this facility is no longer valid, the facility is considered closed at this location.

1.0: Pre-Inspection Checklist

Requirements:

The requirements listed in this section provide an opportunity for the Department's inspector to indicate the conditions found at the time of the inspection. A "Not Ok" response to a requirement indicates either a potential violation of the corresponding rule or an area of concern that requires more attention. Both potential violations and areas of concern are discussed further at the end of this inspection report.

Note: Checklist items with shaded boxes are for informational purposes only.
