Good morning,

In response to DEPs inspection conducted on 20 December 2018 the following violations have been corrected.

1. Containers established for used oil, used antifreeze and oil filters were not properly labeled.

Corrective Action: Containers are not marked and stenciled with the proper contents of the drums. (Please see pictures attached.)

2. Proper disposal of used fluorescent bulbs.

Corrective Action: All shop and office personnel have been trained on the proper packaging and disposal of used fluorescent bulbs. Used bulbs will be placed in the packaging of the new purchased bulbs and stored in an area where the bulbs are not at risk of being broken. Once there is a sufficient amount of bulbs accumulated, they will be turned in to the Batteries Plus Bulbs in Pace, Fl.

Thank you and please let me know if you have any further questions.

To access the documents in OCULUS:

1. Click on the link to open OCULUS at the Login screen.
2. Click on PUBLIC OCULUS login to view the search results screen.
3. Click the arrow button next to *view* in the Operations drop-down menu to open and view the document in its native format. Most OCULUS documents are in .pdf format. Acrobat Reader is required to read the document. The free reader can be downloaded from <http://www.adobe.com/products/reader.html>.
4. Please save the document instead of opening directly; please note large files may take longer to load if you open directly

If you are interested in reviewing documents from the Department's Information Portal, you can access the portal at <http://prodenv.dep.state.fl.us/DepNexus/public/searchPortal>.

Thank you for your attention to this matter. .

Sincerely,

PLEASE NOTE: Florida has a very broad public records law. Electronic communications regarding state business are public records available upon request. Your e-mail communications may therefore be subject to public disclosure.

Permitting Consistency Initiative: The Florida Department of Environmental Protection is committed to providing efficient, consistent and quality service to the citizens of Florida. In keeping with these objectives, we continue to identify ongoing improvements to our permitting process by standardizing and simplifying our documents. If you have recently received a permit, we'd love to hear from you! You're invited to take our 30 for 30 survey. It's quick, it's simple, and your comments will help us identify additional enhancements.
