Subject: Up Date Lighting Resources

Good Morning John,

Hope all is well and Healthy with you and your family during these trying times that we all are going thru. Just wanted to give you an update on where we are at. Our Processing Room has been completed and we are awaiting for the arrival of the Balcan Lamp Processing Machine. Per the manufacturer, it was loaded into 3 shipping containers and taken to the port for shipment. We've been told to expect it to arrive at the Port of Savanna by the 28th of July by the time it clears Customs into The United States. It will then be delivered to us a few days later. Respectfully,
Buff
