New Interior HVAC and Ceiling and Lights

November 28, 2019 Fire

- Continued to operate sending spent lamps to Lighting Resource Facilities in Fort Worth, Texas and Johnson City, Tennessee
- Demolition cleared the entire room (Completed February 2020)
- Contractor rebuilt the Walls, Ceiling, HVAC, Lighting, Floor and Electrical.(Completed June 2020)
- Material still stored in trailers offsite at a secure location in Ocala awaiting processing. (July to current)
- New Balcan was received and installed by LR crew. (UK crew was not allowed to travel due to Covid.) (September 2020)
- Began processing lamps on a continuing basis with single crew. (Reduced staff due to Covid.) (October 2020)
- Added second shift to tackle the stored trailers. (November 2020)

ALL'S WELL THAT ENDS WELL!
