Ms. Bridges – per below UES contribution will be either \$1200.00 or \$2200.00. We'll update our spreadsheet and furnish a copy of their invoice to UES.

Regards,
EK

Thanks Debbie. Can Mark generate an invoice to UES for Water goat repairs? I'd prefer it to be a Jan. expense. From his email it looks like it will be \$1200.00 with them contributing a \$1000.00.

Please advise.

Regards,
Ed Kinley

Hi Ed,

Whoo Hoo - nothing is going to get through that. So I talked to Mark and this is what he said below. Let me know your thoughts.

I was trying to make the best deal possible with materials. Here's what I have,... \$2200.
Let me explain, the old one is missing nearly all usable parts. Watergoat would be chipping in \$1000 towards a complete replacement. We need to go with 1/2" Stainless Steel Cable that's virtually impossible to cut or mangle without Welding Torches. Same with Netting and Chains - Unbreakable PEWAG Chain.

If this is not acceptable ... we can rig up some old parts and new Galvanized components and it will be good for a bit.

Yours in Service,
Debbie

Thank you Ed,

We have put in for the bags to be picked up. I think the Watergoat is only a temporary fix and we are working on what we need to do. I will keep you posted once Mark lets me know. Thank you Ed

If I don't talk to you before the holidays, I wish you and your family a

Merry Christmas. Stay well and be safe.

Yours in Service,
Debbie

Debbie – please see below for the water goat service today. There are 6 bags to remove.

We are planning to install the floating barrier on Monday. The Goat has been repaired. Do we owe anything for the repair?

Regards,
Ed Kinley
