John,

I found the inspection sheet from 23 July 2020. It was stuck to the inspection from 31 July 2020, so it appears that when I scanned them the two of them went through together.  
Please see the attached document.

The review of weekly inspections found it appears Triumvirate Environmental Services failed to conduct a weekly inspection between July 19 and July 25, 2020. Inspections were conducted on July 17, 2020 and July 31, 2020. Can you please verify the missing weekly inspection and if you are aware of why the inspection might have been missed.

Thank you,

John
