RE: RMPF (Clean MRF)

FLR05G973

To whom it may concern,

I am writing you today as required by our Stormwater Pollution Prevention Plan. Normally we would be required to perform a biennial analytical sampling and analysis. However, we are a RMPF (Clean MRF) and therefore, not required to perform the analytical sampling and analysis. This letter is being sent in lieu of the sampling reports as required by the Stormwater Pollution Plan.

Sincerely,

Daniel Carle

Division Manager
