Introduction:

On March 30, 2022, Michael Eckoff, Florida Department of Environmental Protection (FDEP or Department), accompanied by Leslie Valverde, Medigreen Waste Services, LLC (Medigreen or Facility), inspected Medigreen for compliance with state and federal hazardous waste transportation regulations.

INSPECTION HISTORY (Past five years)

The facility was inspected by the Department in August 2019 for compliance with state and federal hazardous waste transportation regulations and no potential violations were noted at that time.

The facility's liability insurance expires on April 3, 2022.

Process Description:

Medigreen provides biomedical, biohazardous, and hazardous waste disposal services in the Southeastern United States. The Orlando facility typically transports medical waste, paper, non-hazardous pharmaceutical waste, trace chemotherapy waste, and hazardous waste pharmaceuticals.

A review of hazardous waste manifests revealed the facility mainly transports hazardous waste pharmaceuticals. It was noted that a number of Medigreen's customers are using the "PHARMS" waste code, identified in 40 CFR 266.508(a)(2)(ii), but have not notified as a healthcare facility, required by 40 CFR 266.502(a).

Inspection of the warehouse found it is just used for storage of supplies. Biomedical waste remains in the box trucks prior to disposal at a permitted facility.

Conclusion:

Medigreen Waste Services, LLC was inspected as a hazardous waste transporter and no potential violations were noted at that time.

1.0: Pre-Inspection Checklist

Requirements:

The requirements listed in this section provide an opportunity for the Department's inspector to indicate the conditions found at the time of the inspection. A "Not Ok" response to a requirement indicates either a potential violation of the corresponding rule or an area of concern that requires more attention. Both potential violations and areas of concern are discussed further at the end of this inspection report.

Note: Checklist items with shaded boxes are for informational purposes only.
