Florida Department of Environmental Protection

To: Aaron Watkins, District Director

Through: Nathan Hess, Assistant District Director

Central District

From: Danie Hall, Environmental Manager

Miranda Rothenberger, CAP Inspector

Date: 7/28/2022

Subject: Peer Review Request for Safety-Kleen Systems Inc in Sanford, FL

The Central District Compliance Assurance Program is requesting a peer review for the following case.

Division/Program: Hazardous Waste

Facility/Site ID No. FLD984171165

Facility/Site Name: Safety-Kleen Systems Inc Facility Owner: Eric Gerstenberg, President

Facility Address/Location: 600 Central Park Dr, Sanford, in Seminole County, FL

Brief Description of Facility/Site:

Safety-Kleen Systems is currently registered as a hazardous waste transporter (expires June 30, 2023) and transfer facility in accordance with the provisions of Rules 62-730.170 and 171, F.A.C. and as a used oil transporter, transfer facility, and marketer, and a used oil filter transporter and transfer facility (expires June 30, 2023) in accordance with the provisions of Rule 62-710, F.A.C. The facility is also registered as a universal waste lamps and devices transfer facility, universal waste devices transfer facility, and universal waste lamps and devices small quantity handler in accordance with the provisions of Chapter 62-737, F.A.C.

Violation Summary:

- The facility failed to use a registered hazardous waste transporter on manifest number 007578259SKS rendering the manifest incomplete, in violation of 40 CFR 262.15(a)(4).
- The facility failed to keep one satellite accumulation area container of hazardous waste closed during accumulation, in violation of 40 CFR 262.20(a).

As of June 23, 2022, the violations were resolved. A warning letter was issued on July 11, 2022.

Violation Classification:

- 40 CFR 262.15(a)(4) Minor Non-Compliance
- 40 CFR 262.20(a) Minor Non-Compliance

Proposed Enforcement & Penalty Calculation In lieu of Compliance Assistance:

The District has calculated a civil penalty and Department costs for this case in accordance with the attached penalty calculation work sheet.

The District proposes to resolve the case by issuance of a Short Form Consent Order to assess a penalty. All required corrective actions have been completed.

								Ī	
					ANTIAL (I		Above 20	-	
					CANT (Mo		13-20	-	
				MIN	IMAL (Min	ior)	Under 13	J	

Additional Threat Factors Examples:

Fire or Explosion Risk: Highest ranking = fire or explosion is imminent, waste stored near ignition or fuel source; Lowest ranking = no risk of fire or explosion.

Incompatible Waste Storage: Highest ranking = wastes stored inappropriately with incompatibles not physically separated; Lowest ranking = no incompatible waste storage.

Risk of Employee Exposure above PELs: Highest ranking = PELs above exposure limits; Lowest ranking = no risk of exposure. Note, facility's lack of ability to measure PEL if there is a potential issue should be considered.

Container Integrity: Highest ranking = Containers are compromised; Lowest ranking = no containers are compromised.

Inadequate Provisions for Detecting and Preventing Releases: Highest ranking = No containment, no inspections, high potential for release; Lowest ranking = inspections performed, low potential for releases.

Note: This guideline is intended to support Directive 923, the Guidelines for Characterizing Hazardous Waste Violations, and the violation matrix spreadsheet (Guidelines for Characterizing Hazardous Waste, Universal Waste, Used Oil and Drycleaning Violations) to facilitate a consistent way of categorizing Harm and Potential for Harm. In order to account for case-specific circumstances, the default scores for any particular category can be adjusted based on professional judgement to better match the unique site conditions and findings from the inspection or information provided in response to the inspection findings. To help foster consistency and supportable decisions, professional judgement that will result in deviation from the default scores should be discussed with the program office.
