Orange County – HW Request for Information Letter

Dear Mr. Waechter:

A hazardous waste compliance inspection was conducted at your facility on May 19, 2004. This inspection was conducted under the authority of Section 403.091, Florida Statutes, and Chapter 403, Part IV, Florida Statutes. The inspection is designed to ascertain the compliance status of your facility with 40 CFR 260-268, adopted in Florida Administrative Code Chapter 62-730.

In order that the Department may complete a review of your facility, you are requested to provide the following **information within 30 days of your receipt of this letter:**

1. For each rejected container since August 2003 to present: the date returned, the facility the waste came from, reason for rejection, status and date of exit.
2. A daily inventory of the storage area and loading dock, including the number of containers and size of containers. The inventory, as required by Specific Conditions 19(k) and (l) of the permit, should include information from August 2003-present.
3. Used Oil Training documentation for drivers picking up used oil and used filters.

Thank you in advance for your cooperation and assistance. If you have questions concerning this matter please call me at (407) 893-3323. Your response to this request for information should be mailed to me at the letterhead address above.

Sincerely,

Janine Kraemer, CHMM
Hazardous Waste Program
