Quarterly Waste Quantity Reports
October through December 2010

Dear Ms. Pelz:

Enclosed is the above-mentioned report in accordance with Specific Condition Number D.3.b.

The estimated tons stored are a visual estimate taken on the last day of the quarter. It is important to note that the mixed loads that come in are dry and they are wet from either water for dust control or rain when they are removed. The Class I waste is stored in containers within the leachate collection system and are emptied three times per week.

If you have any questions, please do not hesitate to contact Lois Rose directly at (941) 861-1589, cell (941) 650-0722, or e-mail at lerose@scgov.net.

Sincerely,

Lois Rose
Manager
