Mr. John J. Wilson, Secretary
Florida Tire Recycling, Inc.
9675 Range Line Road
Port St. Lucie, Florida 34987

RECEIVED

NOV 09 1993

DEPT. OF ENV. PROTECTION
WEST PALM BEACH

Dear Mr. Wilson:

Subject: Florida Tire Recycling
SWM Permit Exemption no. 56-01129-S
St. Lucie County

It has come to the attention of this District that the adjacent 24 acre site to the above stated project, consists of shredded tire stock piles. Since this adjacent property is being utilized as storage for recycled tires, the total combined contiguous property acreage (32+) exceeds the 10 acres exemption allowance. In addition, the existing facilities are not consistent with the plans submitted with the exemption request.

Based on this information a stormwater management permit will be required for this site. In accordance with the streamline delegation agreement between the Department of Environmental Protection (DEP) and the Water Management Districts, this site will require a DEP New Solid Waste Surface Water Management permit.

If you have any questions or require further assistance, please contact this office at (407) 686-8800.

Sincerely,

Carlos A. de Rojas, P.E.
Supervising Professional
Surface Water Management Division
