INTENT TO ISSUE
The Department of Environmental Regulation hereby gives notice of its Intent to Issue a permit (draft copy attached) for the proposed project as detailed in the application specified above. The Department is issuing this Intent to Issue for the reasons stated below.
The applicant, Mr. John J. Wilson of Florida Tire Recycling, Inc., applied on May 25, 1989 to the Department of Environmental Regulation for a permit to operate a waste tire processing facility.
The Department has permitting jurisdiction under Section 403.087, F.S. and Chapter 17-714, Florida Administrative Code. The project is not exempt from permitting procedures. The Department has determined that a solid waste permit is required for the proposed work.
Pursuant to Sections 403.815, F.S., and DER Rule 17-103.150, you (the applicant) are required to publish at your own expense the enclosed Notice of Proposed Agency Action on permit application. The notice must be published one time only in the legal advertisement section of a newspaper meeting the requirements of Section 50.014 and 50.031, F.S. and having general circulation in the county in which the project is located. Proof of publication must be provided to the Department within seven (7) days of publication of the notice. Failure to publish the notice and provide proof of publication within the allotted time may result in the denial of the permit.
The Department will issue the permit with the specific conditions unless a petition for an administrative proceeding (hearing) is filed pursuant to the provisions of Section 120.57, F.S. A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) in accordance with Section 120.57, F.S. Petitions shall be in the format required by F.A.C. Rule 17-103.155 and be filed with (received) in the Office of the General Counsel of the Department at 2600 Blair Stone Road, Tallahassee, Florida 32399-2400. Petitions filed by the permit applicant must be filed within fourteen (14) days of receipt of this Intent. Petitions filed by other persons must be filed within fourteen (14) days of publication of the public notice or within fourteen (14) days of receipt of this Intent, whichever first occurs. Failure to file a petition within this time period shall constitute a waiver of any right such person may have to request an administrative proceeding under Section 120.57, F.S., concerning the subject permit application. If a petition is filed that does not substantially comply with the requirements of F.A.C. Rule 17-103.155(2), the Department shall issue an order dismissing the petition with leave to file an amended petition complying with the requirements of this rule within 15 days of service of the order. If an amended petition complying with this rule is not filed (received) within 15 days of service of the order, the petitioner's right to a proceeding under Section 120.57, F.S., is waived.
