Re: Monthly Summary per Stipulation Section H
For Month of October, 1994

Dear Mr. Kahn,

Please find enclosed the monthly summary for September, 1994 which is due on November 10, 1994.

If you have any questions with regard to this information please call me at 407/465-0477.

Sincerely

MONTHLY SUMMARY

FROM 10/1/94 TO 10/31/94

1. Tonnage In:		1,917.90
2. Tonnage Out:		
a. Whole Tires:	65.99	
b. Recycled TDF:	2,167.26	2,233.25
3. Net Reduction for Period:		315.35

Computation Formula: Passenger tires at 20 lbs each, light truck at 40 lbs each and truck tires at 100 lbs each.

4. Removal and Reconfiguration of Stored Materials:

a. The 315.35 net inventory reduction in October, 1994 was not as high as anticipated because of continuing "shakedown" problems being experienced by our second TDF account in getting their test burn under way. We are now advised that the burn will commence November 21, 1994.

b. An inventory of 400 to 500 tons of 1" sized TDF has been created as a working stockpile.

c. In late September it was discovered that a small amount of course shreds remained within the FP&L easement. This material was on the extreme edge of the easement several hundred feet from the FP&L power lines and towers, therefore offering no fire hazard to these structures. Removal of the material was undertaken immediately and has been completed.

5. Fire Fighting Equipment and Training:

a. During the month, FTR continued its practice of starting and running each of the fire trucks in its fire battalion and generally "checking" the condition of the fire equipment.

6. Trust Fund:

a. A $4,000 deposit was made the Trust Fund established for financial assurance on October 10, 1994. As of October 31, 1994 the balance was $77,875 plus accrued interest. The next deposit will be made on November 13, 1994.

7. Engineering and Permit Applications:

a. The waiting period for public comment on the MSSW permit ended October 28, 1994.
