Port Saint Lucie, FL 34983

**Subject: Florida Tire Recycling, Inc.
Paving, Grading and Drainage Approval**

Dear Mr. Friscia,

Enclosed are Three (3) sets of construction plans for the above referenced project marked "approved". Because you are acting as the Developer's representative, it is your responsibility to distribute the extra set(s) of approved plans to the Contractor and Developer.

Please notify the County Engineering Division of the date, time and location of the pre-construction meeting for this project. Attendance by our Engineering Division representative will help insure better coordination with our Construction Inspector and will also be an opportune time to address any questionable items.

We will require two (2) sets of signed, sealed and dated blueprint record drawings and a mylar sepia with the engineers final certification prior to final approval and release for Certificate of Occupancy. Preparations shall be in accordance with Section 11.03.03 of the St. Lucie County Land Development Code.

If we can be of further assistance, please call me or Mr. David Hays at 407-462-1707.

Sincerely,

Donald B. West
