RE: MONTHLY SUMMARY (STIPULATION SECTION H) REPORT #4 / FOR MONTH
OF JULY, 1994

Dear Mr. Kahn,

Please find enclosed the monthly summary for July, 1994 which is due on August 10th. The daily tonnage reports are sent under separate cover this day.

If you have questions with regard to this information please call; I may be reached at 407-465-0477.

Sincerely,

Skip Robinson
FLORIDA TIRE RECYCLING, INC.

EXHIBIT A

RECEIVED

MATERIAL REMOVAL AND SITE RECONFIGURATION:

1. During the period 07/01/94 to 07/31/94 the first 180 day accelerated removal period ended on July 13, 1994. Therefore, the monthly summary for July has been separated into 2 periods: the first covering the first 13 calendar days; the second covering the balance through July 31, 1994.

As the summary page indicates, during the first period FLORIDA TIRE RECYCLING, INC. (FTR) has successfully removed 1652.92 tons and collected 747.23 tons. Thus, the base removal amount (BRA) of 1547.23 tons [747.23 plus 800 (8 collection days)] was exceeded by 105.69 tons. When examined as an aggregate for the first 6 months, FTR exceeded the BRA by 1568.94 tons.

The totals for the entire month are as stated: 2610.78 tons received with 2794.42 tons removed, producing a net reduction at the site of approximately 184 tons.

2. All fire lanes as required in the Stipulation have been installed and completed.

3. With the exception of one remaining shred pile whose measurements minimally exceed 10,000 square feet, all waste tire piles are stored in conformance with the fire safety requirements in 17-711.

4. Most all of the shreds located in the FP&L easement have been removed from the easement. Those which remain represent approximately 20% of the original quantity and are located at the extreme southern margin of the 440' easement area, far from the transmission lines. It is expected that the removal of the material in the easement will be completed before the end of August.

5. During the period, FTR has continued to shred all of the final remaining stored, whole waste tires. It is anticipated that the last of these will be shred and either stored in conformance with 17-711 or removed from the property during the first half of August.

ENGINEERING AND PERMIT APPLICATIONS:

1. At the end of July, FTR had still not received a response from Lakeland as to the status of its application for a Waste Tire Processing Facility Permit. The permit has not been issued.

EXHIBIT B

FIRE EQUIPMENT: EQUIPMENT AND TRAINING

1. During the month FTR continued its daily practice of starting and running each of the fire trucks in its fire battalion and generally "checking" the condition of the fire equipment.

RECEIVED

FLA. DEPARTMENT OF
ENVIRONMENTAL REG.
WEST PALM BEACH

EXHIBIT C

TRUST FUND:

1. On July 1, 1994 the FIRST NATIONAL BANK Financial Services Group deposited the collateral securing the LOC (\$15,791.81) into the Trust Account #33-0206-00 created in favor of the FLORIDA DEPARTMENT OF ENVIRONMENTAL PROTECTION.

It is believed that with accrued interest the balance in the Trust Fund now stands at approximately \$66,000.

2. In accordance with the Stipulation/Consent Order FTR will begin depositing \$4,000 - or 5% of the tipping fee received at Port St. Lucie, which ever is greater - to the Trust Fund on August 13, 1994 and monthly thereafter.
