Re: Monthly Summary per Stipulation Section H
For Month of September, 1994

Dear Mr. Kahn,

Please find enclosed the monthly summary for September, 1994 which is due on October 10, 1994.

If you have any questions with regard to this information please call me at 407/465-0477.

Sincerely

David L. Quarterson
FLORIDA TIRE RECYCLING, INC.

DLQ:ms
Enc.

CC: James Brindell, Esq.

RECEIVED
OCT 11 1994
DEPT. OF ENV. PROTECTION

MONTHLY SUMMARY

FROM 9/1/94 TO 9/30/94

1. Tonnage In:		1,902.32
2. Tonnage Out:		
a. Whole Tires:	94.72	
b. Recycled TDF:	1,998.36	2,093.08
3. Net Reduction for Period:		190.73

Computation Formula: Passenger tires at 20 lbs each, light truck at 40 lbs each and truck tires at 100 lbs each.

4. Removal and Reconfiguration of Stored Materials:

a. The net inventory reduction decreased from 555.16 tons in August to 190.73 tons in September due primarily to FTR taking equipment out of service to reconfigure processing and install certain proprietary systems to enhance production capabilities and improve product consistency. This undertaking will continue into October although inventory reduction will accelerate in late October as FTR begins shipping its second TDF account.

b. In late September it was discovered that a small amount of course shreds remained within the FP&L easement. This material was on the extreme edge of the easement several hundred feet from the FP&L power lines and towers, therefore offering no fire hazard to these structures. Removal of the material was undertaken immediately.

5. Fire Fighting Equipment and Training:

a. During the month, FTR continued its practice of starting and running each of the fire trucks in its fire battalion and generally "checking" the condition of the fire equipment.

6. Trust Fund:

a. A $4,000 deposit was made the Trust Fund established for financial assurance on September 13, 1994. As of September 30, 1994 the balance was $73,875 plus accrued interest. The next deposit will be made on October 13, 1994.

7. Engineering and Permit Applications:

a. On September 13, 1994 representatives of FTR met with Greg Coffelt and Marion Hedgepath of DEP to discuss issues impacting issuance of the dredge and fill permit. As a result of those discussions, FTR and DEP agreed to a mitigation plan under which FTR would preserve a 5/8 acre wetland at its Port St. Lucie site on the condition that no further fines or penalties would be accessed. The arrangement was detailed in FTR's September 14, 1994 letter to Mr. Coffelt and Ms. Hedgepath. As a result, DEP issued dredge and fill permit number 562453458 on September 16, 1994.

-end-
