***** MESSAGE *****

Dear Mr. Lurix,

I write to confirm that at 10:30 a.m. on June 6, 1994 we will stage a training session using our fire equipment and foam.

It is my understanding that you plan to attend and to observe this hands on training session.

Please advise if you cannot attend.

Re: Letter of May 19, 1994

Dear Mr. Robinson:

I have been advised by Janet Bowman that the questions raised by your letter of May 2nd have already been adequately addressed by correspondence from Ms. Bowman and myself. I have asked Ms. Bowman to contact Jim Brindell directly to discuss this matter.

Any delays in complying with the stipulation are entirely the responsibility of Florida Tire Recycling, Inc.

Sincerely,

Joseph Kahn, P.E.
Supervisor, Solid Waste Section

RE: RELOCATION OF MATERIAL IN THE FP&L EASEMENT

Dear Mr. Kahn,

I have left several phone messages this week and missed your return call on Wednesday.

The call which I placed on Monday was to follow up on my letter of May 2nd to your attention requesting "that DEP immediately issue its written authorization for FTR to proceed with relocation of shredded material from the FP&L easement area to those areas of the property which lie within the "loop road" and the depositing of those materials in accordance with the storage plan contained in the Company's pending MSSW permit application".

The Department's delay in responding to this request further delays FTR's ability to comply with the letter and spirit of the Stipulation.

Seventeen days have lapsed since FTR sent by facsimile this request. It does not seem unreasonable that we would press the Department for a response.

Please advise.

Sincerely,

Skip Robinson
