PART B - ADDITIONAL INFORMATION REQUIRED FOR REGISTRATION APPLICATION

10. Records required by Rule 62-709.320, F.A.C., will be kept at the facility? Yes ☐ No ☐
If no, please indicate where these records will be kept and made available upon Department request to review the records:

11. Does the registrant own the facility site? Yes ☐ No ☐
If you answered no, please attach evidence that the facility owner or operator has permission from the landowner to operate a yard trash transfer station or a solid waste organics recycling facility at this site.
12. Has the organic recycling facility begun operations? Yes ☐ No ☐
If this facility was operating in the previous calendar year, the annual report in Part C must be completed.
13. Include a check or money order for the \$35.00 registration fee made payable to the Florida Department of Environmental Protection.

I affirm that I have read Rules 62-709.320, 62-709.330 and 62-709.350, F.A.C., and shall comply with the requirements specified in those rules. I also affirm that the information provided in the application is true, accurate, and correct to the best of my knowledge. I have attached all documents and/or authorizations that are required.

Memo

To: FDEP – Solid Waste Section

From: Jimmy Wise, Sumter County Public Works – Solid Waste Department

Date: June 28, 2011

Subject: Annual Report for Yard Trash Transfer Station

Enclosed you will find the 2010 Annual Report for a Yard Trash Transfer Station for Sumter County Solid Waste. You will note on page two (Part C) that the total quantity of material received at the facility versus the total quantity of material removed from the site do not match. The quantity removed is 35.9 tons higher than the tons on site at the beginning of the year plus the quantity received.

Some of the factors for this difference include:

1. We switched to a citizen's drop-off area starting November 1, 2010. Prior to this date we used scales for weighing the incoming and outgoing material. Material may have been brought in as dry material but due to rain, the material was wet when it was hauled out.
2. Mixed loads. Yard waste may come in with garbage and the entire load is coded as incoming garbage but once separated, it is hauled out as yard waste.
3. Since converting to a citizen's drop-off area, we are now using cubic yards and converting to tonnage. We are rounding to the nearest whole yard.

If you have any questions please feel free to contact Jackey Jackson, Assistant Director at 352-569-6711 or Becky Segrest, Staff Assistant at 352-569-6706.

Thank you!
