Re: Annual Report-Yard Trash Processing Facility

To Whom It May Concern:

Please find attached to this letter the Annual Report for the Sarasota County Yard Trash Processing Facility, for the year 2002. The facility is included under Operating Permit No. S058-299180. Specific reference can be found in Specific Condition 6 (c) of the Permit. Rule 62-709.310 (1)(a)(2)(c) specifies that the County will be required to file the Annual Report only since the Yard Waste Processing Facility is already included under the Operating Permit.

There is also <14,330 tons of processed material from hurricane Gabrielle that has been inadvertently left out of the 2001 report, so I am adding this amount to the processed yard trash on site at the beginning of the report year and also the processed yard waste at the end of the report year. This material is our give away to the public because it is free of other materials.

Should you have questions regarding the information submitted, please contact me directly at (941) 861-1577.

Sincerely,

Don Shaulis
Operations Supervisor, Solid Waste Operations
