**Re: Trail Ridge Landfill - Class I and
Waste Tire Processing Facility Operations
Facility WACS I.D. Number 33628
Modification Number 0013493-022 of Permit Number 0013493-017-SO
Rescission of the Spotter on the Ground Requirement
Duval County - Solid Waste Permitting**

Dear Mr. Hawkins:

This letter shall serve as Modification Number 0013493-022-MM of Permit Number 0013493-017-SO. This minor modification eliminates the requirement to maintain spotters on the ground that is specified both in your Operations Plan and in Specific Condition No. 12. It is based on changes to the spotter requirements incorporated in the January 2010 revision of Florida Administrative Code Chapter 62-701, as well as guidance on the application of that change. Please note, however, that spotters are still required at the working face; just not on the ground.

This modification, which is issued pursuant to Chapter 403, Florida Statutes, and Florida Administrative Code Chapters 62-4 and 62-701, does not substitute for other permits that may be required by other local, state or federal agencies or by other Sections within DEP.
