Re: Rinker Materials Corporation Thermal Treatment Facility General
Permit No: SO13-195017

DEPT OF ENV PROTECTION
WEST PALM BEACH

Dear Mr. Carlos Rivero-DeAguilar:

Rinker's understanding was that this permit expired April 1997 based on the permit modification for PCB's, Leachete collection, etc. in 1992. Based on my call to Lee Martin and our conversation today I now understand the original expiration of April 1996 still applied. Enclosed is a renewal notice of intent to operate our facility and the required \$500 processing fee.

This is a renewal of the existing operation at this time. Rinker has and is operating within all of the existing permit conditions and will continue to do so.

Please excuse the misunderstanding of the actual permit expiration date and thank you for your assistance in correcting this error. Please advise me of any questions you may have at 305-229-2955.

Very Truly Yours:

Michael D. Vardeman
Cement Division Environmental Manager
