Orange County – SW WACS # 87081
Vista Class III Landfill
Class III – Cell 3 Construction
Approval of Certification of Construction Completion – Cell 3

Dear Ms. Grant:

The Department has completed the review of the certification of construction completion for Cell 3 construction at the Vista Class III Landfill. The document which describes the details of the Cell 3 construction was “Construction Quality Assurance Certification Report for the Cell 3 Construction at the Vista Landfill,” submitted by Carlson Environmental Consultants, PC. The report was dated November 16, 2012. As part of the report, the Certification of Construction Completion of a Solid Waste Management Facility, DEP form 62-701.900(2), was signed and sealed on November 16, 2012 by the Engineer of Record, Seth A. Nunes, P.E., of Carlson Environmental Consultants, PC.

Based upon the review of the report, the site inspections on September 24, September 27, and November 30, 2012, and the certification by the Professional Engineer of Record, the Department concurs that the construction of Cell 3 has been completed and is substantially consistent with plans and specifications approved in DEP Permit No. SC48-0165969-019. Financial assurance for Cell 3 has been demonstrated as documented by the Department on April 2, 2012. Therefore, as of the date of this letter, Cell 3 is hereby authorized for the acceptance of waste.
