RE: Waste Quantity Reports for  
**Hardee County Landfill**

Dear Ms. Williamson:

In August of 1996 we requested that you keep waste quantity reports required by Chapter 62-701 on site, available for inspection upon request by Department personnel, instead of submitting them to the District office. I apologize that I must ask you to adjust this practice again. Please forward a copy of these reports to Mr. Chongman Lee, Department of Environmental Protection, Twin Towers Building, 2600 Blairstone Road, Tallahassee, FL 32399-2400 as well as keeping a copy on site.

As before, we will continue to receive WQR's for MRF's and waste tire processing facilities here in the District.

If you have any questions regarding this request please call me at 813-744-6100, ext. 375.

Thank you,

This is in regard to disposal and transfer station facilities only. *We will continue to accept quantity reports from MRF's and waste tire processing facilities.* If you have any questions, please feel free to call me at 813/744-6100, ext. 375.
