COMMENTS:

03/25/2013

On March 20, 2013 a routine inspection was conducted at Tire Disposal Services (TDS) in Jackson County.

The following was observed during the inspection:

- TDS is allowed to have 6000 waste tires on site at any given time per the operation permit. Approximately 1200 waste tires were on site during the inspection.
- Mr. Merrifield stated that the amount of waste tires he picks up and processes has sharply dropped in the last several months.
- I discussed the need to update the financial assurance cost estimates with Mr. Merrifield as required by his permit. Mr. Merrifield acknowledged that he needed to do this.
- The 2013 Cost Estimate update is due by April 30, 2013. Within this 2013 Cost Estimate update, cost adjustments for 2011 and 2012 should be included and/or addressed.

Photo Attachment:

- Photo 1 shows a small amount of waste tires stored outside.
