J.E.D. Solid Waste Management Facility
Class I – 2013 Leachate Storage Facility Relocation
Approval of Certification of Construction Completion

Dear Mr. Kaiser:

The Department has completed the review of the certification of construction completion for the 2013 leachate storage facility relocation at the J.E.D. Solid Waste management Facility. The document reviewed which describe the details of the construction was “Final Certification Report, JED Leachate Storage Facility Relocation, Volumes 1 and 2” submitted by Brantley Engineering, LLC. The report was dated April 12, 2013 and received by the Department on April 19, 2013. The Certification form was signed and sealed on April 12, 2013 by Allan S. Brantley, P.E.

Based upon the review of the above reports, the site inspection on December 6, 2012, and the certification by the Professional Engineer of Record, the Department concurs that the construction of the 2013 Leachate Storage Facility has been completed and is substantially consistent with plans and specifications approved in DEP Permit No. 0199726-023-SC-MM.

If you have any questions, please contact Kim Rush at (407) 897-4314 or by e-mail at kim.rush@dep.state.fl.us.

Sincerely,

Kimberly M. Rush, P.E.
