RE: Certification of Closure Construction
Phase I Closure & Phase I/II Liner Overlay System
Sarasota Central County Solid Waste Disposal Complex Class I LF
Phase I Closure Permit No.: 130542-014-SF/01
Phase II Construction Permit No.: 130542-006-SC/01
WACS ID No: SWD/58/51614

Dear Ms. Rose:

The Department has reviewed the following information prepared in support of the Certification of Construction Completion for the closure of Phase I and construction of the Phase I/II liner overlay system for the Sarasota Central County Solid Waste Disposal Complex Class I LF, submitted on March 22, 2013.

Central County Solid Waste Disposal Complex Class I Landfill Phase I Closure Certification of Construction Completion Report..., including Volumes 1 through 4, received on March 22, 2013, prepared by HDR Engineering, Inc. and Ardaman & Associates, Inc.

Central County Solid Waste Disposal Complex Class I Landfill Phase I Closure Response to Comment in Draft Certification of Construction Completion Conditional Approval Letter, received on May 24, 2013, prepared by HDR Engineering, Inc. and Ardaman & Associates, Inc.

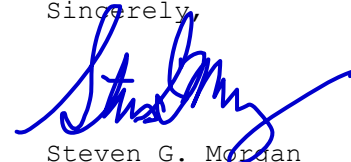

Based on the Department review of construction certification report referenced above, the Department has determined that except for the construction deviations noted in the construction certification report, the Phase I closure (or temporary closure where applicable) was constructed substantially in accordance with the approved design and the construction requirements of **Phase I Closure Permit #130542-014-SF/01, including Permit Modification #130542-021/SC/MM and Phase II Construction Permit #130542-006-SC/01.**

The Department therefore approves the certification of construction completion for closure of the portions of Phase I covered by the 40-mil LLDPE final cover system and the 60-mil HDPE Phase I/II overlay liner system and the operation in the portion of Phase II over the Phase I/II overlay liner system in accordance with **Permit 130542-007-SO/01.**

The Department also approves the temporary closure of the portion of Phase I covered by the TPO temporary final cover system. Please note that the TPO temporary final cover system is not approved as a final closure system for Phase I or as an overlay liner system for future expansion of the Sarasota Central County Solid Waste Disposal Complex Class I LF.

If you would like to discuss any issue in this letter, please contact me at
(813) 632-7600 ext. 329 or steve.morgan@dep.state.fl.us.

Sincerely,

Steven G. Morgan
