Osceola County – SW WACS # 89544  
J.E.D. Solid Waste Management Facility  
Class I – 2012-13 Landfill Gas Collection System (LGCS) Expansion  
**Approval of Certification of Construction Completion Report**

Dear Mr. Kaiser:

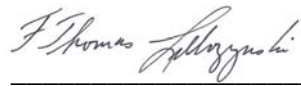

The Department has completed the review of the report titled “Construction Record Documentation Report, 2012-13 Cells 5,6,7 & 8 Gas Collection and Control System Expansion, J.E.D. Solid Waste Management Facility,” submitted on your behalf by Golder Associates. The report was dated July 09, 2013 and received by the Department on July 12, 2013. The report and the DEP Form 62-701.900(2) was signed and sealed by Professional Engineer of Record, Mr. Kevin S. Brown, P.E., of Golder Associates. On July 19, 2013, the Department sent an email request for information regarding the geomembrane cover work done for wells GW-56, GW-56R1, GW-46 and GW-46R1. Your August 09, 2013 email response described the cover work done on the four wells by Comanco. The requested certification of the four wells, dated August 08, 2013, was acceptable.

Based upon the report, the information received for wells GW-56, GW-56R1, GW-46 and GW-46R1, and the certifications by the Professional Engineer of Record, the Department concurs that the 2012-13 LGCS expansion has been completed and is substantially consistent with plans and specifications approved by FDEP.

Mr. Kaiser  
J.E.D. Solid Waste Management Facility
