Re: Lee County – WT
Garden Street Iron & Metal (Waste Tire Processing Facility)
Permit No. 0296251-001-WT/02, WACS ID No. 98386
Closure Cost Estimate – Financial Assurance

Dear Mr. Weber:

The Department hereby approves the closure cost estimate updated November 19, 2013, and received November 27, 2013 for the subject facility for the year 2013. A copy of the approved cost estimate is attached for your records. Please submit the re-calculated financial assurance documents (Escrow Account Audit Report, etc.) corresponding to the approved estimates to:

Solid Waste Financial Coordinator
Attention: Tor Bejnar
Florida Department of Environmental Protection
2600 Blair Stone Road, Mail Station 4565
Tallahassee, Florida 32399-2400

The next closure cost estimates or inflation adjustment statement, as applicable, will be due between January 1 and March 1, 2014.

Should you have any questions, please contact Bill Krumbholz at (239) 344-5657 or by e-mail at Bill.Krumbholz@dep.state.fl.us. You may also contact me at (239) 344-5614 or by e-mail at Abdul.Ahmadi@dep.state.fl.us. Thank you for your continued cooperation.

Sincerely,

Abdul Ahmadi, P.E.
Engineering Permitting Administrator

III. ESTIMATE ADJUSTMENT

40 CFR Part 264 Subpart H as adopted by reference in Rule 62-701.630, Florida Administrative Code, (F.A.C.) sets forth the method of annual cost estimate adjustment. Cost estimates may be adjusted by using an inflation factor or by recalculating the maximum costs of closure in current dollars. Select one of the methods of cost estimate adjustment below.

(a) Inflation Factor Adjustment

(b) Recalculated or New Cost Estimates

Inflation adjustment using an inflation factor may only be made when a Department approved closure cost estimate exists and no changes have occurred in the facility operation which would necessitate modification to the closure plan. The inflation factor is derived from the most recent Implicit Price Deflator for Gross National Product published by the U.S. Department of Commerce in its survey of Current Business. The inflation factor is the result of dividing the latest published annual Deflator by the Deflator for the previous year. The inflation factor may also be obtained from the Solid Waste website www.dep.state.fl.us/waste/categories/swfr or call the Financial Coordinator at (850) 245-8706.

This adjustment is based on the Department approved closing cost estimate dated: _____

Latest Department Approved Closing Cost Estimate:	x	Current Year Inflation Factor, e.g. 1.02	=	Inflation Adjusted Closing Cost Estimate:
_____		_____		_____

This adjustment is based on the Department approved long-term care cost estimate dated: _____

Latest Department Approved Annual Long-Term Care Cost Estimate:	x	Current Year Inflation Factor, e.g. 1.02	=	Inflation Adjusted Annual Long-Term Care Cost Estimate:
_____		_____		_____
Number of Years of Long Term Care Remaining:			x	_____
Inflation Adjusted Long-Term Care Cost Estimate:			=	_____

VI. CERTIFICATION BY ENGINEER

This is to certify that the Cost Estimates pertaining to the engineering features of this solid waste management facility have been examined by me and found to conform to engineering principles applicable to such facilities. In my professional judgment, the Cost Estimates are a true, correct and complete representation of the financial liabilities for closing and/or long-term care of the facility and comply with the requirements of Rule 62-701.630 F.A.C. and all other Department of Environmental Protection rules, and statutes of the State of Florida. It is understood that the Cost Estimates shall be submitted to the Department annually, revised or adjusted as required by Rule 62-701.630(4), F.A.C.
