Re: Manatee County Solid Waste Management Facility
Waste Tire Processing Facility Quarterly Report
Third Quarter

Dear Mr. Morgan:

Enclosed is the waste tire processing facility quarterly report for the period July through September, 1999. The supporting report is generated from scale house data. Only pertinent information from the report is included with the waste tire report. This data includes Ill-Tires, Tires In and Tires out. They are defined as follows:

- Ill-Tires: Tires illegally dumped within Manatee County, then subsequently picked up and delivered to the Landfill by various public agencies;
- Tires Out: Tires which are removed from the waste tire storage area by the County's contracted vendor for processing;
- Tires In: Tires delivered to the landfill by the general public.

All tires delivered to the landfill are stockpiled and subsequently removed from site. No processing or consumption of tires occurs at the landfill. Therefore processed, adjusted and consumed tires have been zeroed out and all tires have been listed as removed where appropriate.

DEP Form # 62-701.900(21)
Waste Tire Processing Facility
Form Title: <u>Quarterly Report</u>
Effective Date: <u>12/23/95</u>
DEP Application No. _____ (Filled in by DEP)

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: Third Quarter of 1999 (First quarter begins on January 1 of any given year)

- Facility name: Lena Road Landfill - Manatee County Public Works
- Facility mailing address: Post Office Box 25010
City: Bradenton County: Manatee Zip: 34206
- Facility permit number: 39884-001-S0
- Facility telephone number: (941) 748-5543
- Authorized person preparing report: Gwen Pagington
- Affiliation with facility: Solid Waste Program Specialist
- Telephone number (if different from above): (941) 795-3428
- Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	40.66	177.0	0	0	203.0	0	14.66
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	0	0	0	0	0	0	0
Other	0	0	0	0	0	0	0
Total	40.66	177.0	0	0	203.0	0	14.66

- Explain all inventory adjustments. All tires are considered used. All tires are removed from the site.
- List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

Re: Manatee County Solid Waste Management Facility
Waste Tire Processing Facility Quarterly Report
Second Quarter

Dear Mr. Morgan:

Enclosed is the waste tire processing facility quarterly report for the period April through June, 1999. The supporting report is generated from scale house data. Only pertinent information from the report is included with the waste tire report. This data includes Ill-Tires, Tires In and Tires out. They are defined as follows:

- Ill-Tires: Tires illegally dumped within Manatee County, then subsequently picked up and delivered to the Landfill by various public agencies;
- Tires Out: Tires which are removed from the waste tire storage area by the County's contracted vendor for processing;
- Tires In: Tires delivered to the landfill by the general public.

All tires delivered to the landfill are stockpiled and subsequently removed from site. No processing or consumption of tires occurs at the landfill. Therefore processed, adjusted and consumed tires have been zeroed out and all tires have been listed as removed where appropriate.

Manatee County Solid Waste Management Facility

July 15, 1999

Page Two

Additionally, all tires for the report were considered used tires. If you have any questions or need additional information, please contact me at 941/795-3428.

Sincerely,

A handwritten signature in cursive script that reads "Gwen Pagington".

Gwen Pagington,
Solid Waste Program Specialist

DEP Application No. _____ (Filled in by DEP)

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: Second Quarter of 1999 (First quarter begins on January 1 of any given year)

- Facility name: Lena Road Landfill - Manatee County Public Works
- Facility mailing address: Post Office Box 25010
City: Bradenton County: Manatee Zip: 24206
- Facility permit number: S041-211176
- Facility telephone number: (941) 748-5543
- Authorized person preparing report: Gwen Pagington
- Affiliation with facility: Solid Waste Program Specialist
- Telephone number (if different from above): (941) 795-3428
- Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	39.60	190.66	0	0	189.60	0	440.66
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	0	0	0	0	0	0	0
Other	0	0	0	0	0	0	0
Total	39.60	190.66	0	0	189.60	0	40.66

- a. Explain all inventory adjustments. All tires are considered used. All tires are removed from the site.
- b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____
- For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

To the best of my knowledge and belief, I certify the information provided in this report is true, accurate and complete.

Re: Manatee County Solid Waste Management Facility
Waste Tire Processing Facility Quarterly Report

Dear Ms. Nichols:

Enclosed please find the Waste Tire Processing Facility Quarterly Reports for the period October, 1998 through March, 1999. The supporting reports are generated from scale house data. Only pertinent information from the report is included with the waste tire report. This data includes Ill-Tires, Tires In and Tires Out. They are defined as follows:

Ill-Tires: Tires illegally dumped within Manatee County subsequently picked up and delivered to the Landfill by County personnel;

Tires Out: Tires which are removed from the waste tire storage area by the County's contracted vendor for processing;

Tires In: Tires delivered to the Landfill by paying customers.

All tires delivered to the Landfill are stockpiled and subsequently removed from site. No processing or consumption of tires occurs at the landfill. Therefore, processed, adjusted and consumed tires have been zeroed out and all tires have been listed as removed where appropriate. Additionally, all tires for the report were considered used tires.

Danielle Nichols, Environmental Specialist

April 16, 1999

Page Two

Staff has recently reviewed record keeping related to the Waste Tire Quarterly Report. As a result of that research, we have found some clerical errors in "Received" material recording. Therefore, beginning with the first quarter of 1999, we have corrected the Beginning Inventory to reflect actual tonnages.

If you have any questions or require additional information, please contact me at 941/795-3428.

Sincerely,

A handwritten signature in cursive script that reads "Gwen Pagington".

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: First Quarter of 1999 (First quarter begins on January 1 of any given year)

- Facility name: Lena Road Landfill - Manatee County Public Works
- Facility mailing address: Post Office Box 25010
City: Bradenton County: Manatee Zip: 34206
- Facility permit number: S041-211176
- Facility telephone number: (941) 748-5543
- Authorized person preparing report: Gwen Pagington
- Affiliation with facility: S.W. Program Specialist
- Telephone number (if different from above): (941) 795-3428
- Activity: Report in tons.

Re: Manatee County Solid Waste Management Facility
Waste Tire Processing Facility Quarterly Report

Dear Ms. Nichols:

Enclosed is the waste tire processing facility quarterly report for the period July through September 1998. The supporting report is generated from scale house data. Only pertinent information from the report is included with the waste tire report. This data includes Ill-Tires, Tires In and Tires out. They are defined as follows:

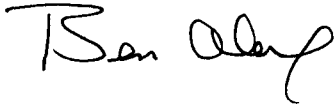

- Ill-Tires: are tires illegally dumped within Manatee County subsequently picked up and delivered to the landfill by Highway, Transportation personnel;
- Tire Out: are tires which are removed from the waste tire storage area by the county's contracted vendor for processing;
- Tires In: are tire delivered to the landfill by paying customers.

All tires delivered to the landfill are stockpiled and subsequently removed from site. No processing or consumption of tires occurs at the landfill. Therefore processed, adjusted and consumed tires have been zeroed out and all tires have been listed as removed where appropriate.

Danielle Nichols, Environmental Specialist
December 2, 1998
Page 2

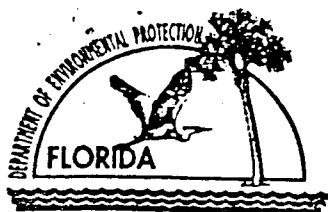

Additionally, all tires for the report were considered used tires.
If you have any questions or need additional information, please
contact me at (941) 795-3474.

Sincerely,

A handwritten signature in black ink, appearing to read "Ben Alex". The signature is fluid and cursive, with the first name "Ben" being more prominent than the last name "Alex".

Re: Manatee County Solid Waste Management Facility
Waste Tire Processing Facility Quarterly Report

Dear Ms. Nichols:

Enclosed is the waste tire processing facility quarterly report for the period April through June 1998. The supporting report is generated from scale house data. Only pertinent information from the report is included with the waste tire report. Pertinent data include Ill-Tires, Tires In and Tires out. They are defined as follows:

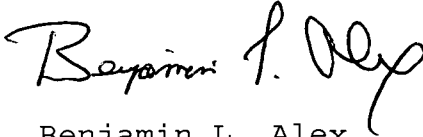

- Ill-Tires: are tires illegally dumped within Manatee County subsequently picked up and delivered to the landfill by Highway, Transportation personnel;
- Tire Out: are tires which are removed from the waste tire storage area by the county's contracted vendor for processing;
- Tires In: are tire delivered to the landfill by paying customers.

All tires delivered to the landfill are stockpiled and subsequently removed from site. No processing or consumption of tires occurs at the landfill. Therefore processed, adjusted and consumed tires have been zeroed out and all tires have been listed as removed where appropriate.

Danielle Nichols, Environmental Specialist
August 5, 1998

Re: Manatee County Solid Waste Management Facility
Waste Tire Processing Facility Quarterly Report

Dear Ms. Nichols:

Enclosed are the waste tire processing facility quarterly reports for the period October 1997 through March 1998. Data from the account summary report were used to prepare the reports. The account summary report gives the amount of material received, processed and removed for each month. The account summary report is generated from the scale house computer system and is used for accounting purposes. Data of interest from the report are IL-Tires, SH-Tires and Tires. They are defined as follows:

- IL-Tires: are tires illegally dumped within Manatee County subsequently picked up and delivered to the landfill by Highway, Transportation personnel;
- SH-Tires: are tires which are shredded at the landfill by a contracted vendor and used as cover material;
- Tires: are tire delivered to the landfill by paying customers.
- Tires out: are tires removed by contractor.

As previously explained, all tires delivered to the landfill are stockpiled and subsequently removed from site. No processing, shredding or consumption (use as cover material) of tires occurs at

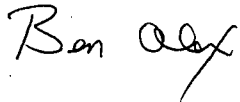

Danielle Nichols, Environmental Specialist

April 28, 1998

Page 2

the landfill. Therefore processed, adjusted and consumed tires have been zeroed out and all tires have been listed as removed where appropriate. Additionally, all tires for the report were considered used tires. If you have any questions or need additional information, please contact me at (941) 748-5543, Extension 5444.

Sincerely,

A handwritten signature in cursive script that reads "Ben Alex".

DEP Application No. _____

(Filled in by DEP)

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: 1st Quarter 1998 (First quarter begins on January 1 of any given year)

- Facility name: Lena Road Landfill - Manatee County Public Works
- Facility mailing address: Caller Service 25010
City: Bradenton County: Manatee Zip: 34202
- Facility permit number: S041-211176
- Facility telephone number: (941) 748-5543
- Authorized person preparing report: Ben Alex
- Affiliation with facility: Technical Coordinator
- Telephone number (if different from above): ()
- Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	511	162.1	0	0	454.9	0	218.2
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	0	0	0	0	0	0	0
Other	0	0	0	0	0	0	0
Total	511	162.1	0	0	454.9	0	218.2

a. Explain all inventory adjustments. All tires are considered used. All tires are removed from site.

b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

To the best of my knowledge and belief, I certify the information provided in this report is true, accurate and complete.

Re: Manatee County Solid Waste Management Facility
Waste Tire Processing Facility Quarterly Report

Dear Ms. Nichols:

Enclosed are the waste tire processing facility quarterly reports for the period January 1996 through September 1997. Data from the account summary report, attached, were used to prepare the reports. The account summary report gives the amount of material received, processed and removed for each month. The account summary report is generated from the scale house computer system and is used for accounting purposes. Data of interest from the report are IL-Tires, SH-Tires and Tires. They are defined as follows:

- IL-Tires: are tires illegally dumped within Manatee County subsequently picked up and delivered to the landfill by Public Works, Transportation personnel;
- SH-Tires: are tires which are shredded at the landfill by a contracted vendor and used as cover material;
- Tires: are tire delivered to the landfill by paying customers.

From January 1996 through March 1997 processed and consumed tires are equal to the amount of tires shredded in a given quarter. Tires removed are equal to zero. Beginning in March 1997 Public Works entered into a contract with a new vendor, Wheelabrator Inc. Wheelabrator does not shred tires. They remove all stockpiled tires from the landfill. Therefore, beginning in the second

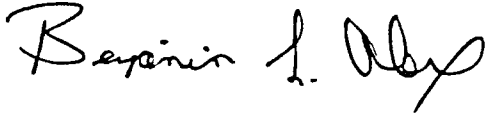

Danielle Nichols, Environmental Specialist

December 3, 1997

quarter of 1997 processed and consumed tires have been zeroed out and all tires have been listed as removed. Additionally, all tires for the report were considered used tires. If you have any questions or need additional information, please contact me at (941) 748-5543, Extension 5444.

Sincerely,

A handwritten signature in cursive script, appearing to read "Benjamin L. Alex".

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: 3rd Quarter 1997 (First quarter begins on January 1 of any given year)

1. Facility name: Lena Road Landfill - Manatee County Public Works
2. Facility mailing address: Caller Service 25010
City: Bradenton County: Manatee Zip: 34202
3. Facility permit number: S041-211176
4. Facility telephone number: (941) 748-5543
5. Authorized person preparing report: Ben Alex
6. Affiliation with facility: Technical Coordinator
7. Telephone number (if different from above): ()
8. Activity: Report in tons.

DEP Form # 62-711.900(4)

Form Title Waste Tire Processing Facility Quarterly Report

Effective Date February 28, 1997

DEP Application No. _____

(Filled in by DEP)

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: 4th Quarter 1996 (First quarter begins on January 1 of any given year)

1. Facility name: Lena Road Landfill - Manatee County Public Works
2. Facility mailing address: Caller Service 25010
City: Bradenton County: Manatee Zip: 34202
3. Facility permit number: S041-211176
4. Facility telephone number: (941) 748-5543
5. Authorized person preparing report: Ben Alex
6. Affiliation with facility: Technical Coordinator
7. Telephone number (if different from above): ()
8. Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	91	164	110	110	0	0	145
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	0	0	0	0	0	0	0
Other	0	0	0	0	0	0	0
Total	91	164	110	110	0	0	145

a. Explain all inventory adjustments. All tires are considered used. Consumed tires equals processed tires. All processed tires are shredded and used for cover.

b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

To the best of my knowledge and belief, I certify the information provided in this report is true, accurate and complete.

DEP Form # 62-711.900(A)

Form Title Waste Tire Processing Facility Quarterly Report

Effective Date February 28, 1997

DEP Application No. _____

(Filled in by DEP)

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: 3rd Quarter 1996 (First quarter begins on January 1 of any given year)

1. Facility name: Lena Road Landfill - Manatee County Public Works
2. Facility mailing address: Caller Service 25010
City: Bradenton County: Manatee Zip: 34202
3. Facility permit number: S041-211176
4. Facility telephone number: (941) 748-5543
5. Authorized person preparing report: Ben Alex
6. Affiliation with facility: Technical Coordinator
7. Telephone number (if different from above): ()
8. Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	387	151	447	447	0	0	91
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	0	0	0	0	0	0	0
Other	0	0	0	0	0	0	0
Total	387	151	447	447	0	0	91

a. Explain all inventory adjustments. All tires are considered used. Consumed tires equals processed tires. All processed tires are shredded and used for cover.

b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

To the best of my knowledge and belief, I certify the information provided in this report is true, accurate and complete.

DEP Form # 62-711.900(4)

Form Title Waste Tire Processing Facility Quarterly Report

Effective Date February 28, 1996

DEP Application No. _____

(Filled in by DEP)

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: 2nd quarter 1996 (First quarter begins on January 1 of any given year)

- Facility name: Lena Road Landfill - Manatee County Public Works
- Facility mailing address: Caller Service 25010
City: Bradenton County: Manatee **DEP** Zip: 34202
- Facility permit number: S041-211176 **DEC 05 1997**
- Facility telephone number: (941) 748-5543 **SOUTHWEST DISTRICT TAMPA**
- Authorized person preparing report: Ben Alex
- Affiliation with facility: Technical Coordinator
- Telephone number (if different from above): ()
- Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	27	559	199	199	0	0	387
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	0	0	0	0	0	0	0
Other	0	0	0	0	0	0	0
Total	27	559	199	199	0	0	387

a. Explain all inventory adjustments. All tires are considered used. Consumed tires equals processed tires. All processed tires are shredded and used for cover.

b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

To the best of my knowledge and belief, I certify the information provided in this report is true, accurate and complete.

Re: Manatee County Solid Waste Management Facility
Lena Road Landfill
Waste Tire Processing Facility Quarterly Report

Dear Ms. Hinson:

Enclosed is the Waste Tire Processing Facility Quarterly Report for the period of July through September, 1995. Data from the material summary sheet, see attached, were used to prepare the report. The material summary sheet gives the amount of material received at the landfill from January through September, 1995.

If you have any questions, please contact me at (941) 748-5543.

Sincerely,

Benjamin L. Alex
Solid Waste Technical Coordinator

DEP Form # 62-711.900(4)

Form Title Waste Tire Processing Facility Quarterly Report

Effective Date February 28, 1994

Application No. _____

(Filled in by DEP)

Waste Tire Processing Facility Quarterly Report

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: July-September 1995 (First quarter begins on January 1 of any given year)

- Facility name: Lena Road Sanitary Landfill - Manatee County Public Services
- Facility mailing address: Caller Service 25010
City: Bradenton, Florida County: Manatee Zip: 34202
- Facility permit number: S041-211176
- Facility telephone number: (941) 748-5543
- Authorized person preparing report: Benjamin L. Alex
- Affiliation with facility: Solid Waste Technical Coordinator
- Telephone number (if different from above): ()

8. Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	16	70	96	96	0	0	0
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Other	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Total	16	70	96	96	0	0	0

a. Explain all inventory adjustments. _____

b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

To the best of my knowledge and belief, I certify the information provided in this report is true, accurate and complete.

Re: Manatee County Solid Waste Management Facility
Lena Road Landfill,
Waste Tire Processing Facility Quarterly Report
Permit No. SO41-211176

Dear Ms. Hinson:

Enclosed please find the Waste Tire Processing Facility Quarterly Report for April through June 1995. Supplemental information for the report include the Material Summary Report. This report gives the tons of illegal, used and shredded tires received and processed at the facility on a monthly basis.

If you have any questions, please contact me at (941) 748-5543.

Sincerely,

Benjamin L. Alex

Waste Tire Processing Facility Quarterly Report

Department of Environmental Protection
SOUTHWEST DISTRICT

Pursuant to Rule 62-711.530, Florida Administrative Code, the owner or operator of a waste tire processing facility shall submit the following information to the Department quarterly.

Quarter covered by this report: April - June 1995 (First quarter begins on January 1 of any given year)

- Facility name: Lena Road Landfill - Manatee County Public Services
- Facility mailing address: Caller Service 25010
City: Bradenton, Florida County: Manatee Zip: 34206
- Facility permit number: S041-211176
- Facility telephone number: (941) 748-5543
- Authorized person preparing report: Benjamin L. Alex
- Affiliation with facility: Solid Waste Technical Coordinator
- Telephone number (if different from above): ()
- Activity: Report in tons.

	Beginning Inventory	Received	Processed	Consumed	Removed	Adjustments	Ending Inventory
Used Tires	0	97	88	88	0	0	9
Other whole tires	0	0	0	0	0	0	0
Processed tires	0	0	0	0	0	0	0
Processing Waste	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Other	N/A	N/A	N/A	N/A	N/A	N/A	N/A
Total	0	97	88	88	0		9

a. Explain all inventory adjustments. All tires received at Landfill are considered used tires. Tires are processed (shredded) and used as cover material (consumed). See attached material tonnage sheet.

b. List any period in which one or more category of inventory exceeded the permitted maximum for that category. How was that condition relieved? _____

For any excess inventory at the end of the quarter, state how and when this condition will be relieved. Attach additional sheets, if necessary. _____

9. Certification:

To the best of my knowledge and belief, I certify the information provided in this report is true, accurate and complete.

**RE: Manatee County Lena Road Landfill
Waste Quantity/Waste Tire Reports**

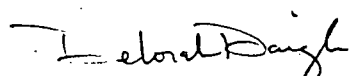

Dear Mr. Morris:

Attached are waste quantity/waste tire reports for the Lena Road landfill for the 2nd quarter of 2000. The quarterly reports are not required under the specific conditions of the current landfill operations permit (39884-001-SO), therefore the County will discontinue the submittal of these reports. The waste quantity records are filed on site as required by Specific Condition No. 11 of the permit, and can be made available to FDEP upon request.

If you should have any questions concerning this report, please contact out Tampa office at (813) 282-2300.

Sincerely,

HDR Engineering, Inc.

Deborah Daigle, P.G.
Sr. Hydrogeologist

Notes:

Figures are taken from the attached summary sheet and all data is given in tons.

C & D: Construction and demolition debris.

Clean up: Ditch/road side debris collected by county staff and Civic Beautification..

Com. Mix: Commercial debris ie.. institutional, governmental, industrial, commercial waste.

Cover: Clean material suitable for daily cover.

Debris: Residual waste from yard waste processing.

LBK-S. RM: Debris Longboat Key South, out of county.

RES. MIX.: MSW from single and multi-family homes.

Sludge: Sludge from county waste water treatment plants.

Illegal: Illegally dumped waste collected by county staff.

Illegal Tires: Tires illegally dumped and collected by county staff.

Tires In: Tires brought to the facility for processing.

White In: White Goods delivered to the landfill.

Yard Waste: Vegetative matter from landscaping maintenance or land clearing operations.

Fuel: Yard Waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch: Converted yard waste for use by county.

White Out: White Goods taken off site.

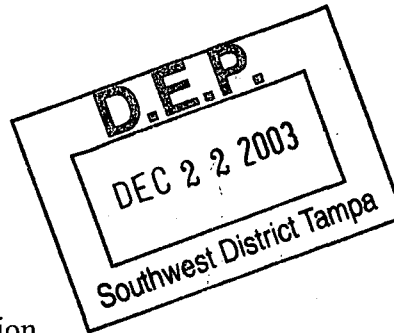

Tires Out: Tires taken off site for processing.

Mulch NC: Processed yard waste donated by County to appropriate recipients.

**Re: Manatee County Lena Road Landfill
Monthly Report – November 2003**

Dear Mr. Morris:

Attached is the November 2003 monthly report for the Lena Road Landfill in accordance with specific Condition Numbers 17, 18, and 33 of Operations Permit Number 39884-001-SO. The report consists of the monthly water balance report (Exhibit A), field readings for the water balance report, leachate tracking summary (Exhibit B), and a monthly groundwater gradient report.

An inward gradient was present in Stage I and Stage III of the landfill. An outward gradient was present in Stage II of the landfill. It should be noted that Stage II contains no solid waste.

November was a period of low rainfall for Manatee County with a total of 0.76 inches of rain recorded for the entire month. The highest rainfall day came on November 19th with a total of 0.32 inches of rainfall recorded. There was a total of 0.31 inches of rainfall reported for the month of October.

If you should have any questions concerning this report, please contact me in our Orlando office at 407/647-7275, Ext. 153, Javen Figueroa at Ext. 288, or Chris Gaw at Ext. 370.

Sincerely,

Joe Miller, P.E.

Re: Manatee County Solid Waste Management Facility
Waste Quantity Report

Dear Mr. Lee:

Please find enclosed the waste quantity report for the period of July through September, 1999. Data derived from Manatee County Landfill scale records was used to prepare this report. The scale data is included for your review.

If you have any questions or require additional information, please contact me at 941/795-3428.

Sincerely,

Gwen Pagington

Notes:

Figures are taken from the attached summary sheet and all data is given in tons.

C & D: Construction and demolition debris.

Clean up: Ditch and road side debris collected by county staff.

Com. Mix: Commercial debris ie.. institutional, governmental, industrial, commercial waste.

Cover: Clean material suitable for daily cover.

Debris: Residual waste from yard waste processing.

LBK-S. RM: Debris Longboat Key South, out of county.

RES. MIX.: MSW from single and multi-family homes.

Sludge: Sludge from county waste water treatment plants.

Illegal: Illegally dumped waste collected by county staff.

Illegal Tires: Tires illegally dumped and collected by county staff.

Tires In: Tires brought to the facility for processing.

White In: White Goods delivered to the landfill.

Yard Waste: Vegetative matter from landscaping maintenance or land clearing operations.

Fuel: Yard Waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch: Converted yard waste for use by county.

White Out: White Goods taken off site.

Tires Out: Tires taken off site for processing.

Mulch NC: Processed yard waste donated by County to appropriate recipients.

Notes:

Figures are taken from the attached summary sheet.

All data given in tons.

C & D is construction and demolition debris.

Clean up is ditch and road side debris collected by county staff.

Com. Mix is commercial debris ie.. institutional, governmental, industrial, commercial waste.

Cover is clean material suitable for daily cover.

Debris is residual waste from yard waste processing.

LBK-S. RM is debris Long Boat Key South, out of county.

RES. MIX. is MSW from single and multi family homes.

Sludge is sludge from county waste water treatment plants.

Illegal is illegally dumped waste collected by county staff.

Illegal Tires are tires illegally dumped and collected by county staff.

Tires In are tires brought to the facility for processing.

White In. are white goods delivered to the landfill.

Yard waste is vegetative matter from landscaping maintenance or land clearing operations.

Fuel is yard waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch is converted yard waste for use by county.

White Out is white goods taken off site.

Tires out are tires taken of site for processing.

Mulch NC is process yard waste donated by County to appropriate recipients.

Notes:

Figures are taken from the attached summary sheet.

All data given in tons.

C & D is construction and demolition debris.

Clean up is ditch and road side debris collected by county staff.

Com. Mix is commercial debris ie.. institutional, governmental, industrial, commercial waste.

Cover is clean material suitable for daily cover.

Debris is residual waste from yard waste processing.

LBK-S. RM is debris Long Boat Key South, out of county.

RES. MIX. is MSW from single and multi family homes.

Sludge is sludge from county waste water treatment plants.

Illegal is illegally dumped waste collected by county staff.

Illegal Tires are tires illegally dumped and collected by county staff.

Tires In are tires brought to the facility for processing.

White In. are white goods delivered to the landfill.

Yard waste is vegetative matter from landscaping maintenance or land clearing operations.

Fuel is yard waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch is converted yard waste for use by county.

White Out is white goods taken off site.

Tires out are tires taken of site for processing.

Mulch NC is process yard waste donated by County to appropriate recipients.

Notes:

Figures are taken from the attached summary sheet.

All data given in tons.

C & D is construction and demolition debris.

Clean up is ditch and road side debris collected by county staff.

Com. Mix is commercial debris ie., institutional, governmental, industrial, commercial waste.

Cover is clean material suitable for daily cover.

Debris is residual waste from yard waste processing.

LBK-S. RM is debris Long Boat Key South, out of county.

RES. MIX. is MSW from single and multi family homes.

Sludge is sludge from county waste water treatment plants.

Illegal is illegally dumped waste collected by county staff.

Illegal Tires are tires illegally dumped and collected by county staff.

Tires In are tires brought to the facility for processing.

White In. are white goods delivered to the landfill.

Yard waste is vegetative matter from landscaping maintenance or land clearing operations.

Fuel is yard waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch is converted yard waste for use by county.

White Out is white goods taken off site.

Tires out are tires taken of site for processing.

Mulch NC is process.yard waste donated by County to appropriate recipients.

Notes:

Figures are taken from the attached summary sheet.

All data given in tons.

C & D is construction and demolition debris.

Clean up is ditch and road side debris collected by county staff.

Com. Mix is commercial debris ie., institutional, governmental, industrial, commercial waste.

Cover is clean material suitable for daily cover.

Debris is residual waste from yard waste processing.

LBK-S. RM is debris Long Boat Key South, out of county.

RES. MIX. is MSW from single and multi family homes.

Sludge is sludge from county waste water treatment plants.

Illegal is illegally dumped waste collected by county staff.

Illegal Tires are tires illegally dumped and collected by county staff.

Tires In are tires brought to the facility for processing.

White In. are white goods delivered to the landfill.

Yard waste is vegetative matter from landscaping maintenance or land clearing operations.

Fuel is yard waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch is converted yard waste for use by county.

White Out is white goods taken off site.

Tires out are tires taken of site for processing.

Mulch NC is process yard waste donated by County to appropriate recipients.

Terms And Conditions

Definitions On this Airbill, "we," "our" and "us" refer to Federal Express Corporation, its employees, and agents. "You" and "your" refer to the sender, its employees, and agents.

Agreement To Terms By giving us your package to deliver, you agree to all the terms in our current Service Guide, which is available on request. You also agree to those terms on behalf of any third party with an interest in the package. If there is a conflict between the Service Guide and this Airbill, the Service Guide will control. No one is authorized to change the terms of our Agreement.

Responsibility For Packaging And Completing Airbill You are responsible for adequately packaging your goods and properly filling out this Airbill. If you omit the number of packages and/or weight per package, our billing will be based on our best estimate of the number of packages we received and/or an estimated "default" weight per package as determined by us.

Responsibility For Payment Even if you give us different payment instructions, you will always be primarily responsible for all delivery costs, as well as any cost we incur in either returning your package to you or warehousing it pending disposition.

Limitations On Our Liability And Liabilities Not Assumed

- Our liability for loss or damage to your package is limited to your actual damage or \$100, unless you declare a higher value, pay an additional charge, and document your actual loss in a timely manner. You may pay an additional charge for each additional \$100 of declared value. The declared value does not constitute, nor do we provide cargo liability insurance.
- In any event, we will not be liable for any damage, whether direct, incidental, special, or consequential in excess of the declared value of a shipment, whether or not Federal Express had knowledge that such damages might be incurred including but not limited to loss of income or profits.
- We won't be liable:
 - for your acts or omissions including but not limited to improper or insufficient packing, securing, marking, or addressing or those of the recipient or anyone else with an interest in the package

- if you or the recipient violate any of the terms of our Agreement
- for loss or damage to shipments of prohibited items
- for loss, damage, or delay caused by events we cannot control, including but not limited to acts of God, perils of the air, weather conditions, acts of public enemies, war, strikes, civil commotions, or acts of public authorities with actual or apparent authority.

Declared Value Limits

- The highest declared value allowed for FedEx Letter and FedEx Pak shipments is \$500.
- For other shipments, the highest declared value allowed is \$50,000 unless your package contains items of "extraordinary value," in which case the highest declared value allowed is \$500.
- Items of "extraordinary value" include shipments containing such items as artwork, jewelry, furs, precious metals, negotiable instruments, and other items listed in our Service Guide.
- You may send more than one package on this Airbill and fill in the total declared value for all packages, not to exceed the \$100, \$500 or \$50,000 per package limit described above. (Example: 5 packages can have a total declared value of up to \$250,000.) In that case, our liability is limited to the actual value of the package(s) lost or damaged, but may not exceed the maximum allowable declared value(s) or the total declared value, whichever is less. You are responsible for proving the actual loss or damage.

Filing A Claim YOU MUST MAKE ALL CLAIMS IN WRITING and notify us of your claim within strict time limits set out in the current Service Guide.

We'll consider your claim filed if you notify our Customer Service Department at 1•800•Go•FedEx (800)463-3339 and make your claim in writing as soon as possible.

Within 90 days after you notify us of your claim, you must send us all the information you have about it. We aren't obligated to act on any claim until you have paid all transportation charges, and you may not deduct the amount of your claim from those charges.

If the recipient accepts your package without noting any damage on the delivery record, we will assume the package was delivered in good condition. For us to process your claim, you must make the original shipping cartons and packing available for inspection.

Right To Inspect We may, at our option, open and inspect your packages before or after you give them to us to deliver.

Right Of Rejection We reserve the right to reject a shipment when such shipment would be likely to cause delay or damage to other shipments, equipment, or personnel or if its shipment is prohibited by law; or if the shipment would violate any terms of our Agreement or our current Service Guide.

C.O.D. Services C.O.D. SERVICE IS NOT AVAILABLE WITH THIS AIRBILL. If C.O.D. Service is required, please use a Federal Express C.O.D. airbill.

Air Transportation Tax Included A federal excise tax when required by the Internal Revenue Code on the air transportation portion of this service; if any, is paid by us.

Money-Back Guarantee In the event of untimely delivery, Federal Express will at your request and with some limitations, refund or credit all transportation charges. See current Service Guide for more information.

Freight Services There are several freight service options, depending on your transit time needs.

• **FedEx Overnight Freight:** Next-business-day service to all points in the 48 states; rates are based upon the distance shipped.

• **FedEx 2Day Freight:** Second business-day service to all points in the 48 states; rates are based upon the distance shipped.

• **FedEx Express Saver Freight:** Up to 3 business-day service to all points in the 48 states; rates are based upon the distance shipped.

Clean up is ditch and road side debris collected by county staff.

Com. Mix is commercial debris ie.. institutional, governmental, industrial, commercial waste.

Cover is clean material suitable for daily cover.

Debris is residual waste from yard waste processing.

LBK-S. RM is debris Long Boat Key South, out of county.

RES. MIX. is MSW from single and multi family homes.

Sludge is sludge from county waste water treatment plants.

Illegal is illegally dumped waste collected by county staff.

Illegal Tires are tires illegally dumped and collected by county staff.

Tires In are tires brought to the facility for processing.

White In. are white goods delivered to the landfill.

Yard waste is vegetative matter from landscaping maintenance or land clearing operations.

Fuel is yard waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch is converted yard waste for use by county.

White Out is white goods taken off site.

Tires out are tires taken of site for processing.

Mulch NC is process yard waste donated by County to appropriate recipients.

Notes:

Figures are taken from the attached summary sheet.

All data given in tons.

C & D is construction and demolition debris.

Clean up is ditch and road side debris collected by county staff.

Com. Mix is commercial debris ie., institutional, governmental, industrial, commercial waste.

Cover is clean material suitable for daily cover.

Debris is residual waste from yard waste processing.

LBK-S. RM is debris Long Boat Key South, out of county.

RES. MIX. is MSW from single and multi family homes.

Sludge is sludge from county waste water treatment plants.

Illegal is illegally dumped waste collected by county staff.

Illegal Tires are tires illegally dumped and collected by county staff.

Tires In are tires brought to the facility for processing.

White In. are white goods delivered to the landfill.

Yard waste is vegetative matter from landscaping maintenance or land clearing operations.

Fuel is yard waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch is converted yard waste for use by county.

White Out is white goods taken off site.

Tires out are tires taken of site for processing.

Mulch NC is process yard waste donated by County to appropriate recipients.

August	30,068	3,655	2,298
September	27,105	4,175	1,110
Grand Total	84,382	11,614	6,968

Notes:

Figures are taken from the attached summary sheet.

All data given in tons.

C & D is construction and demolition debris.

Clean up is ditch and road side debris collected by county staff.

Com. Mix is commercial debris ie.. institutional, governmental, industrial, commercial waste.

Cover is clean material suitable for daily cover.

Debris is residual waste from yard waste processing.

LBK-S. RM is debris Long Boat Key South, out of county.

RES. MIX. is MSW from single and multi family homes.

Sludge is sludge from county waste water treatment plants.

Illegal is illegally dumped waste collected by county staff.

Illegal Tires are tires illegally dumped and collected by county staff.

Tires In are tires brought to the facility for processing.

White In. are white goods delivered to the landfill.

Yard waste is vegetative matter from landscaping maintenance or land clearing operations.

Fuel is yard waste converted to mulch by a private contractor for resell as a fuel additive.

Mulch is converted yard waste for use by county.

White Out is white goods taken off site.

Tires out are tires taken of site for processing.

Mulch NC is process yard waste donated by County to appropriate recipients.

Re: Manatee County Solid Waste Management Facility
Waste Quantity Report

Dear Mr. Lee:

Enclosed is the waste quantity report for the period January through June 1998. Data derived from scale records were used to prepare the report. This data is included for your review.

Because fuel (recycled material) tonnages for April, May and June were not entered into the scale record, I have include the raw data. This data was provided by our contracted vendor. These tonnages will appear on the 1998 July scale record. For fuel not weighed, a conversion factor of 750lbs/cy was used. If you have any questions or need additional information, please contact me at (941) 748-5543, Extension 5444.

Sincerely,

Benjamin L. Alex

RE: Waste Quantity Reports for
Manatee County Solid Waste Management Facility
Lena Road Landfill

Dear Mr. Alex:

In August of 1996 we requested that you keep waste quantity reports required by Chapter 62-701 on site, available for inspection upon request by Department personnel, instead of submitting them to the District office. I apologize that I must ask you to adjust this practice again. Please forward a copy of these reports to Mr. Chongman Lee, Department of Environmental Protection, Twin Towers Building, 2600 Blainstone Road, Tallahassee, FL 32399-2400 as well as keeping a copy on site.

As before, we will continue to receive WQR's for MRF's and waste tire processing facilities here in the District.

If you have any questions regarding this request please call me at 813-744-6100, ext. 375.

Thank you,

Danielle Nichols

RE: Waste Quantity Reports for
Manatee County Solid Waste Management Facility
Lena Road Landfill

Dear Mr. Alex:

Henceforth the Southwest District requests that you keep waste quantity reports required by Chapter 62-701 on site, available for inspection upon request by Department personnel, instead of submitting them to the District office on a quarterly basis. Your cooperation in this matter is appreciated. This is in regard to disposal and transfer station facilities only. *We will continue to accept quantity reports from MRF's and waste tire processing facilities.* If you have any questions, please feel free to call me at 813/744-6100, ext. 375.

Sincerely,

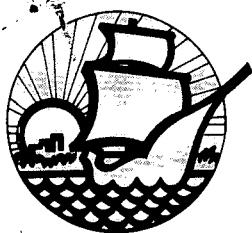

Danielle Nichols

Re: ~~Manatee County Solid Waste Management Facility~~
1st Quarter 1996 Gas Monitoring and Waste Quantity Report

Dear Ms. Amram:

Enclosed is the referenced subject for the period January through October 1996. The Gas Monitoring Report, Table 1, shows that the measurements for the lower explosive limit for methane was within acceptable values as given in our operating permit, specific condition No. 14.

The Waste Quantity Report, Table 2, summarizes the attached Material Class Report for each month. The grand total of material landfilled, recycled and diverted is 93,530 tons, 6,632 and 191 tons, respectively. If you require further information, or need assistance regarding this matter, please contact me at (941) 748-5543.

Sincerely,

Benjamin L. Alex

Material Summary
January - March 1996

NOTES:

1. Material not listed on this summary sheet, fluff for example, was neither landfilled, recycled or diverted for the quarter.
2. Figures are taken from the attached monthly summary sheets.
3. All data are given in tons.
4. C & D is construction and demolition debris
5. Clean Up is ditch and general road side debris.
6. Illegal is illegally dumped waste, picked up by county.
7. LBK-S is waste from Long Boat Key, Sarasota
8. Mixed is municipal solid waste.
9. Fuel is mulch bought by the county's mulching contractor, Kenetech, who in turn sell the mulched material as a fuel additive to their customers.
10. Mulch is yard debris bought by Kenetech for their use.
11. Mulch-NC is yard debris donated by the county to non profits organizations.
12. SH-Tires are tires which have been shredded/processed.
13. WH-Goods are ovens, refrigerators, ect..
14. Tires are whole tires brought in for disposal not yet processed/shredded.

MANATEE COUNTY GOVERNMENT

Public Services Department

RECEIVED
OCT 16 1995

Department of Environmental Protection
SOUTHWEST DISTRICT
BY _____

October 11, 1995

Allison Amram, P.G.
Division of Waste Management
Department of Environmental Protection, South West District
3804 Coconut Palm Drive
Tampa, FL 33619

Re: Manatee County Solid Waste Management Facility
Lena Road Landfill
Permit No. SO41-211176

Dear Ms. Amram:

Enclosed are the quarterly Gas Monitoring and Waste Quantity Reports for the period July through September 1995. As shown on Table 1, the lower explosive limit for methane was recorded twice during the quarter. However, the percent methane measured was within acceptable values as given in our operating permit, specific condition No. 14.

Also included are quarterly totals for materials received at the landfill. As shown Table 2, the grand total of material landfilled, recycled and diverted is 76,692, 1,283.7 and 70.4 tons, respectively.

If you require further information, or need assistance regarding this matter, please contact me at (941) 748-5543.

Sincerely,

Benjamin L. Alex

Re: Manatee County Solid Waste Management Facility
Permit No. SO41-211176 - GMS ID No. 4041C02025

Dear Ms. Amram:

Enclosed please find the water balance, water gradients, and the material summary report for June, 1995. Included on the monthly report sheet, please find the gas monitoring well and points readings, the leachate and stormwater pond levels, and wetlands staff gauge readings. The total acreage status for Stages I and III are outlined at the bottom of the report.

Please note on the Water Table Elevation Report that readings for PZ 8, PZ9, PZ 10 and PZ 15 indicating an outward gradient may be due to an operational procedure. It is anticipated that this will be corrected when pumping operations resume.

If you require further information regarding this matter, please contact this office at 813/748-5543.

Sincerely,

Gus A. DiFonzo
Solid Waste Manager

Re: Manatee County Solid Waste Management Facility
Permit No. SO41-211176

Dear Ms. Amram:

Enclosed please find the water balance, water gradients, and the material summary reports for April, 1995. In addition, we have incorporated the gas monitoring well and points readings, the leachate and stormwater pond levels, and wetlands staff gauge readings into the water balance report sheet. The total acreage status for Stage III, as well as Stage I, is also outlined at the bottom of the report.

If you require further information regarding this matter, please contact this office at 813/748-5543.

Sincerely,

Gus A. DiFonzo

Re: Manatee County Solid Waste Management Facility
Permit No. S041-21179, Biannual Groundwater Monitoring Report

Dear Ms. Amram:

Enclosed you will find portions of our biannual groundwater monitoring report. Pursuant to our phone conversation on January 11, 1995, the missing areas of the report consisting of the chemical analyses for the groundwater wells, the leachate analysis, and the groundwater well gradient comparisons will be forwarded to you as soon as possible.

If you have any questions, please contact me at (813) 792-8811, Extension 5293, Thank you for your cooperation in this matter.

Sincerely,

Gregory F. Yekaitis
Solid Waste Technical Coordinator

Re: Manatee County Solid Waste Management Facility
Permit No. SO41-21179, Third Quarter Waste Reports

Dear Mr. Ford:

Enclosed please find our third quarter waste quantity reports. The report for September, 1994, has a minus reading for wood waste because more processed mulch was taken out of the landfill than the amount of raw wood waste that was weighed coming into the landfill.

If you have any questions, please contact me at (813) 792-8811, Extension 5293.

Sincerely,

Gregory F. Yekaitis
Solid Waste Technical Coordinator

Re: Lena Road Landfill: Permit No. S041-118353
Second Quarter Monitoring Report-1992

Dear Mr. Morgan:

Enclosed for your review is the second quarter Groundwater Monitoring Report for 1992 pursuant to the above referenced permit number. Pertinent PH, daily rainfall, and landfill tonnage records are also enclosed.

There was a stormwater discharge during this period due to a tropical depression on June 26, 1992. Bio-assays were performed and will be forwarded to you as soon as results are received from the laboratory.

Please contact me if I can provide any clarification to this data as submitted.

Sincerely,

Gregory F. Yekaitis
Solid Waste Technical Coordinator

Re: Lena Road Landfill Inspection on January 30, 1992

Dear Ms. Hinson:

Enclosed you will find the solid waste tonnage reports for the months of July, 1991, through December, 1991. The windblown litter that was observed during your visit has been collected and disposed of on the working face. The winter months with their frequent cold fronts produces a litter problem at times. This problem is handled with a routine litter collection by our road maintenance crews; your visit occurred prior to one of these "clean ups".

If you have any questions, please contact me at (813) 792-8811.

Sincerely,

Gregory F. Yekaitis
Solid Waste Technical Coordinator

RE: Second Quarter Groundwater and Stormwater Report - 1989
Lena Road Landfill - FDER Permit #S041-118353

Dear Mr. Morgan:

Enclosed for your review is a copy of the above referenced report pursuant to FDER Permit #S041-118353. Pertinent pH, average daily rainfall and other related data is also enclosed. Additionally, please find the tonnage report summary for the Lena Road Landfill facility.

Please note, that Ms. Cheryl Gross, effective July 3, 1989, is now the Solid Waste Division Manager. Please direct any future questions and/or related correspondence related to this facility to her attention.

Thank you for your continued cooperation.

Sincerely,

Dan Gray

RE: First Quarter Groundwater and Stormwater Report - 1989
Lena Road Landfill - FDER Permit #S041-118353

Dear Mr. Morgan:

Enclosed for your review is a copy of the above referenced report pursuant to FDER Permit #S041-118353. Pertinent pH, average daily rainfall and other data is also enclosed. Additionally, please find the First Quarter tonnage report summaries.

Also, I have enclosed radio-nuclid data, as received from our contract laboratory, related to the monitoring well system at the Lena Road Landfill facility.

Please feel free to contact me if you should have any questions related to the enclosed report.

Sincerely,

Daniel T. Gray
Acting Solid Waste Division Manager
