RE: Lena Road Landfill Waste Tire Processing Facility
Pending Permit No.: 126654-004-WT/02, Manatee County
WACS No. 44795

Dear Mr. Gore:

This is to acknowledge receipt of the permit renewal application prepared by Atkins, dated March 3, 2014 (received March 12, 2014), for the existing Lena Road Landfill Waste Tire processing Facility.

This letter constitutes notice that a permit will be required for your project pursuant to Chapter(s) 403, Florida Statutes.

Your application for a permit renewal is incomplete. This is the Department's first request for information. Please provide the information listed below promptly. Evaluation of your proposed project will be delayed until all requested information has been received.

GENERAL:

1. The requested information and comments below do not necessarily repeat the information submitted by the applicant. However, every effort has been made to concisely refer to the section, page, drawing detail number, etc. where the information has been presented in the original submittal.
2. Please submit **1 paper copy and 1 electronic copy** of all requested information. Please specify if revised information is intended to supplement, or replace, previously submitted information. Please submit all revised plans and reports as a complete package. For revisions to the narrative reports, deletions may be struckthrough (~~struckthrough~~) and additions may be underlined (underlined) or similar notation method. This format will expedite the review process. Please include revision date on all revised pages. Please also provide 1 electronic copy of the entire application package that incorporates the supplemental and replacement information submitted. This will ensure that an accurate record copy of the final approved permit application package is on file with the Department in one electronic file location.
3. Please provide a summary of all revisions to drawings, and indicate the revision on each of the applicable plan sheets. Please use a consistent numbering system for drawings. If new sheets must be added to the original plan set, please use the same numbering system with a prefix or suffix to indicate the sheet was an addition, e.g. Sheet 1A, 1B, P1-A, etc.

4. Please be advised that although some comments do not explicitly request additional information, the intent of all comments shall be to request revised calculations, narrative, technical specifications, QA documentation, plan sheets, clarification to the item, and/or other information as appropriate. The following information is needed in support of the solid waste application [Chapter 62-701, Florida Administrative Code (F.A.C.)]:

1. **Rule 62-701.320(8), F.A.C.:** Please publish the attached Notice of Application and provide proof of publication to the Department.

SECTION 2 - FACILITY OPERATIONS AND CLOSURE PLAN (Rule 62-711, F.A.C.):

2. **Closure Cost Estimate (Rule 62-711.500(3), F.A.C.):** Please provide a copy of the estimate from Wheelabrator Ridge Energy Inc. that was used to calculate the closure cost.

SECTION 3 - EMERGENCY PREPAREDNESS MANUEL (Rule 62-711.540, F.A.C.):

3. **Emergency Response Contact List:** Please note that the FDEP contact number has been changed. The new number is now 813-470-5700. Please make appropriate changes and submit a revised page 2 of the Emergency Response Contact List.

Please respond by **May 24, 2014**, responding to all of the information requests and indicating when a response to any unanswered questions will be submitted. If the response will require longer than the above schedule, you should develop an alternate timetable for the submission of the requested information for Department review and consideration. Pursuant to the provisions of Rule 62-4.055(1), F.A.C., if the Department does not receive a timely, complete response to this request for information, the Department may issue a final order denying your application. A denial for lack of information or response will be unbiased as to the merits of the application. The applicant may reapply as soon as the requested information is available.

Please provide responses to this letter as one complete package. Please contact me at (813) 470-5764 or serge.kiyali@dep.state.fl.us if you have any questions.
