Subject: Trail Ridge Landfill Waste Placement

Dear Michael,

Trail Ridge Landfill Inc. requests approval to temporarily place waste outside of the approved Phasing Plan per permit Specific Condition (29). This is necessary to allow the contractor access for the ongoing Phase IV Incremental Closure Project per permit Specific Condition (35). The proposed area of the temporary daily placement of waste is included on the attached drawing and is scheduled to begin in late May or early June 2014. It is anticipated that the temporary placement of waste will last approximately four months. Once the contractor has concluded the closure project, waste placement will be in accordance to the approved Phasing Plan.

Please let me know if you have any questions or need any additional information at 1-904-748-6012 or gmathes@wm.com.

Sincerely,

A handwritten signature in black ink, appearing to read 'Greg Mathes', with a long, sweeping horizontal line extending to the right.

Greg Mathes

Sr. District Manager
Trail Ridge Landfill Inc.
