

7/9/93

Mtg. with Virginia + Dick Knowles
Manatee County - MSW Compost

Concerns over what the ~~County~~ has done and how much money is involved.

Concern over the testing requirements for compost, ie; frequency + lack of certain parameters such as Mercury.

Tipping fees now ~\$18.00/ton. Expected to go ~~through~~ ^{to ~\$35.00} or \$50/ton.

Worried about end use of product and long-term effect of land application.

Concern over price of \$8 million/yr. and put or pay contract approach.
