SOUTH APOPKA ACORN
Petitioner,

vs.

OGC CASE NO. 06-1094
Permit Nos. SC48-0165969-010
and SO48-0165969-011

**WASTE MANAGEMENT INC. OF FLORIDA
(KEENE ROAD SOUTH FACILITY), and
STATE OF FLORIDA DEPARTMENT
OF ENVIRONMENTAL PROTECTION,**

Respondent.

ORDER CLOSING FILE

On May 8, 2006, the Florida Department of Environmental Protection (Department) received a petition for administrative hearing from Petitioner, South Apopka ACORN (Petitioner). The petition challenged the Department's decision to issue Permit Nos., SC48-0165969-010 and SO48-0165969-011 to Waste Management Inc. of Florida for a Class III landfill at its Keene Road South facility. On May 17, 2006, the Department entered an Order Dismissing Petition With Leave to Amend. This order dismissed the petition as insufficient, but granted Petitioner until June 5, 2006, to file an amended petition that complies with Rule 28-106.201(4), Florida Administrative Code. The time for Petitioner to file an amended petition for hearing has expired. Petitioner has not filed a petition or request for any further extensions of time. There being no further matters to consider,

IT IS ORDERED:

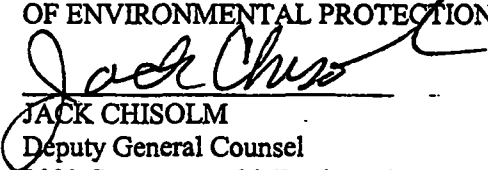

The Department's agency action is now final. The Department shall issue the permits referenced above in accordance with its previously proposed action. The Department's file in this matter is closed.

Any party to this order has the right to seek judicial review of the order pursuant to section 120.68 of the Florida Statutes, by the filing of a Notice of Appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the clerk of the Department in the Office of General Counsel, 3900

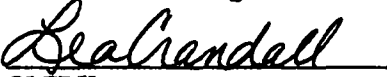

Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3900; and by filing a copy of the Notice of Appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The Notice of Appeal must be filed within thirty (30) days from the date this order is filed with the clerk to the Department.

DONE AND ORDERED on this 21st day of July, 2006, in Tallahassee, Florida.

Respondents.

ORDER DISMISSING PETITION WITH LEAVE TO AMEND

On May 8, 2006, the Florida Department of Environmental Protection, Central District Office (Department), received the attached document from Petitioner South Apopka ACORN that could be considered a petition for administrative hearing (Petition). The Petition challenged the Department's decision to issue Permit Nos. SC48-0165969-010 and SO48-0165969-011 to Waste Management Inc. of Florida, for a Class III Landfill at its Keene Road South Facility.

Rule 28-106.201(2), Florida Administrative Code, and the notice provided to Petitioner explain what must be included in a petition for a formal administrative proceeding. The Petition considered in this order does not comply with the cited rule or with the notice provided to Petitioner. Therefore, the Petition does not contain sufficient information to enable the Department to determine whether a formal administrative proceeding should be held.

Specifically, the Petition does not include the following:

- (a) A statement of when and how Petitioner received notice of the Department's decision;
- (b) A statement of how Petitioner's substantial interests are affected by the alleged final agency action;

(c) A statement of all issues of material fact disputed by Petitioner or a statement that there are no disputed facts;

(d) A concise statement of the ultimate facts alleged, including a statement of the specific facts that Petitioner contends warrant reversal or modification of the Department's proposed decision;

(e) A statement of the specific rules or statutes that Petitioner contends require reversal or modification of the Department's proposed decision; and

(f) A statement of the relief sought by Petitioner, stating precisely the action that Petitioner wants the Department to take with respect to its proposed decision.

In view of the above, the Petition must be dismissed as required by Rule 28-106.201(4), Florida Administrative Code.

IT IS THEREFORE ORDERED:

A. The Petition is **DISMISSED**, without prejudice. The Petitioner is granted leave to file an amended petition providing the additional information listed above. Each person who wishes to participate as a party in the requested administrative hearing must be clearly identified, must provide the required information, and must state the name, address, and telephone number of the person signing the amended petition.

B. Any amended petition must be filed (received) in the Office of General Counsel, Department of Environmental Protection, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, **by 5:00 p.m., on Monday, June 5, 2006.**

C. This order constitutes final agency action of the Department, unless a timely amended petition is filed in compliance with this order.

Any party to this proceeding has the right to seek judicial review of this order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rules 9.110 and 9.190, Florida Rules of Appellate Procedure, with the clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-

3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within thirty days after the date this order is filed with the clerk of the Department.

DONE AND ORDERED this 16th day of May, 2006, in Tallahassee, Florida.

In the Matter of an
Application for Permit by:

Waste Management Inc. of Florida
2859 Paces Ferry Road, Suite 1600
Atlanta, GA 30339

OCD-SW-06-0121
Orange County - SW
Keene Road South (f/k/a Buttrey Development Landfill)
Class III Landfill – Construct and Operate

Attention: Mr. R. David McConnell

DEP File Nos. SC48-0165969-010 & SO48-0165969-011

This is the Department's Intent to Issue, and enclosed are the Notice of Proposed Agency Action and Draft Permit for the project and file number noted above. Please contact the Central District's Solid Waste Program at 407-893-3328 if you have questions or need further information.

INTENT TO ISSUE

The Department of Environmental Protection gives notice of its intent to issue a permit (copy of conditions attached) for the proposed project as detailed in the application specified above, for the reasons stated below.

The applicant, Waste Management, Inc. of Florida/R. David McConnell, applied on January 20, 2006, to the Department of Environmental Protection for a permit renewal to construct and operate the Keene Road South Landfill, Class III in Orange County, Florida.

The Department has permitting jurisdiction under Section 403.707(1), F.S. and Chapters 62-4, 62-701, and 62-711, F.A.C. The project is not exempt from permitting procedures. The Department has determined that a construction and operation permit is required for the proposed work.

Pursuant to Section 403.815, F.S., you are required to publish at your own expense the enclosed Notice of Proposed Agency Action. The notice shall be published one time only within 30 days in the legal ad section of a newspaper of general circulation in the area affected. For the purpose of this rule, "publication in a newspaper of general circulation in the area affected" means publication in a newspaper meeting the requirements of Sections 50.011 and 50.031, F.S., in the county where the activity is to take place. Where there is more than one newspaper of general circulation in the county, the newspaper used must be one with significant circulation in the area that may be affected by the permit. If you are uncertain that a newspaper meets these requirements, please contact the Department at the address or telephone number listed below. You must provide proof of publication to the Department at the address listed below as soon as practical after publication. Department of Environmental Protection, 3319 Maguire Boulevard, Suite 232, Orlando, FL 32803, telephone 407/893-3328.

The Department will issue the permit with the attached conditions unless a timely petition for an administrative hearing is filed under Sections 120.569 and 120.57, F.S., before the deadline for filing a petition. The procedures for petitioning for a hearing are set forth below.

A person whose substantial interests are affected by the Department's proposed permitting decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain

the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Petitions by the applicant or any of the parties listed below must be filed within 14 days of receipt of this written notice. Petitions filed by other persons must be filed within 14 days of publication of the notice or receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.A.C., however, any person who asked the Department for notice of agency action may file a petition within fourteen days of receipt of such notice, regardless of the date of publication. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are or will be affected by the Department's action or proposed action;
- (d) A statement of all material facts disputed by petitioner or a statement that there are no disputed facts;
- (e) A statement of the ultimate facts alleged, including a statement of the specific facts which the petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available in this proceeding.

Any party to this order has the right to seek judicial review of it under Section 120.68, F.S., by filing a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the clerk of the Department in the Office of General Counsel, Mail Station 35, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399-3000, and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within thirty days after this order is filed with the clerk of the Department.

Executed in Orlando, Florida.

STATE OF FLORIDA
DEPARTMENT OF ENVIRONMENTAL PROTECTION
NOTICE OF PROPOSED AGENCY ACTION

The Department of Environmental Protection gives Notice of its intent to issue a permit renewal to Waste Management, Inc. of Florida/R. David McConnell, 2859 Paces Ferry Rd., Ste. 1600, Atlanta, GA 30339, to construct and operate the Keene Road South Landfill, Class III in Orange County Florida. The facility is located at 230 West Keene Rd., Apopka, in Section 28, Township 21 South, and Range 28 East, in Orange County, Florida.

The Department has assigned File Numbers SC48-0165969-010 and SO48-0165969-011 to the project and has considered the effects of this Class III landfill on ground water.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Central District office, 3319 Maguire Boulevard, Suite 232, Orlando, FL 32803, Telephone 407/893-3328.

A person whose substantial interests are affected by the above proposed agency action may petition for an administrative determination (hearing) under sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Department's Office of General Counsel, Marjory Stoneman Douglas Building, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. Petitions filed by any persons other than those entitled to written notice under section 120.60(3) of the Florida Statutes must be filed within 14 days of publication of this notice or receipt of the written notice, whichever occurs first. The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under sections 120.569 and 120.57 of the Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with rule 28-106.205 of the Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

- (a) The name, address, and telephone number of each petitioner, the applicant's name and address, the Department File Number and the county in which the project is proposed;
- (b) A statement of how and when each petitioner received notice of the Department's action or proposed action;
- (c) A statement of how each petitioner's substantial interests are affected by the Department's action or proposed action;
- (d) A statement of all material facts disputed by petitioner or a statement that there are no disputed facts;
- (e) A statement of facts which the petitioner contends warrant reversal or modification of the Department's action or proposed action;
- (f) A statement of which rules or statutes the petitioner contends require reversal or modification of the Department's action or proposed action; and
- (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wants the Department to take with respect to the Department's action or proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by rule 28-106.301 of the Florida Administrative Code.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

In accordance with Section 120.573, F.S., the Department advises that mediation is not available in this case as an alternative to filing a petition for an administrative determination.

Stan

Below is a draft letter Mr Leroy Bell. He is a citizen who lives near the Keene Rd South Landfill. We sent an Intent to Issue a Permit for Keene Rd South Landfill on April 19, 2006. (Attached) I do not know if the public notice has been done. Mr Bell probably received this notice by way of ACORN, a community organization that is helping the residents in the area be politically active.

Yesterday Mr Bell dropped off petitions. The first line of the petition says, "South Apopka ACORN Petition for public hearing for intent to issue a permit for Keene Road South landfill to construct and operate. ..." I want to formally tell Mr Bell and ACORN that this is not the correct way to petition or ask for a hearing on the Intent to Issue. Does my draft letter accomplish that? Is there a better way to tell him?

Of course time is important because I want Mr Bell to get this letter before the 14 days expires.

Thanks,

Tom

Jim and Jeff

Your thoughts on this type of letter for Mr. Leroy Bell telling him to follow the process as stated in our Intent to Issue letter.

Tom

Mr. Leroy Bell
20 West Celeste
Apopka, FL

Dear Mr. Bell:

Today you dropped off many pages of signatures. The signatures were to petition for a public hearing regarding the intent to issue a permit for Keene Road South landfill. The petition with signatures that you submitted to the Central District is not the proper way to request a hearing about the proposed permit.

There is a specific method for submitting a petition to the Department to request an administrative process (hearing). That method is described in our Intent to Issue notification letter (Attached) and in any published notice concerning the intended action. This procedure must be followed.

I recommend you review the procedures in the attached document and follow them. You may want to consult with a lawyer to ensure you, or any others who had signed the petitions, submit the necessary information within the required timelines.

If I can be of assistance, please contact me at 407-893-3328.

Subject: Petition to Public Hearing from South Apopka Residents

Tom,

On Monday, May 8, at roughly 12:30 p.m., Mr. LeRoy Bell, representing a group of citizens living around the Keene Road Landfill in South Apopka, delivered a list of signatures and stated the residents of South Apopka would like to petition for a public hearing. At the time I did not know Keene Road South Landfill was renewing a permit, so I was confused about what Mr. Bell was requesting. I told Mr. Bell I would deliver the signatures to you.

To: Lubozynski, Tom
Subject: Keene Road South

Tom, we need to treat the petition as a defective Petition for Administrative Hearing. We will enter an Order dismissing it with leave to amend (we have to grant leave at least once). We customarily give the petitioners 14 days to respond by filing an acceptable petition.

Nixon, Vanessa

-------------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------	---------------------------------------------------------------------------------------------------------------

Notes:

LISA - I am faxing one of the 14
pages that LeRoy Bell submitted.
The other page just have other names,
but same heading.

I will wait for Jack's comments before
anything is sent.

We did find out the public notice was
published on Apr 29. So, the 14 days
ends Friday, May 12.

Tom Lubozynski

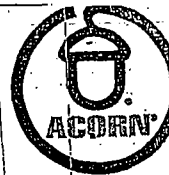

SOUTH APOPKA ACORN Petition for public hearing for intent to issue a permit for Keene Road South landfill to construct and operate. Dep file nos. SC48-0165969-010 & SO48-0165969-011. We have too many dying in South Apopka with cancer & other illnesses. The chemicals found in the ground water are already exceed the standards. Keene Road has been out of compliance this year already. We want a public hearing to discuss these concerns before the Department of Environmental Protection issues a permit. Below sign this petition for the reasons & more

SOUTH APOPKA ACORN Petition for public hearing for intent to issue a permit for Keene Road South landfill to construct and operate. Dep file nos. SC48-0165969-010 & SO48-0165969-011. We have too many dying in South Apopka with cancer & other illnesses. The chemicals found in the ground water are already exceed the standards. Keene Road has been out of compliance this year already. We want a public hearing to discuss these concerns before the Department of Environmental Protection issues a permit. Below sign this petition for the reasons & more

Residents First & Last Name	Address	Phone Number	Reason for public Hearing
Jaiwang Prince	22 East Celestest	407 886-0021	
Doree Mary	22 E Celest St	407-886-0821	
Sally Campbell	16 E. 11 th Street	321-276-9107	
Jeffery Campbell	16 E. 11 th Street	(407) 886-0021
