SO48-0165969-002

Dear Mr. Bradner:

Further to your RAI letter of January 22, 2004 and our meeting with you and your staff on Monday February 9, I am enclosing a revised Application for Transfer of Permit and an updated aerial photo of the subject project. This updated aerial also shows the existing facilities and proposed expansions of the Orange County Utilities, Northwest Water Reclamation Facilities. We have not included a check for \$50 to cover this transfer since I am assuming you still have the check previously submitted. If this is not accurate, please contact Ed Chesney (407-296-0016) and we will have a new check hand carried to you.

I trust this is sufficient and if it is not, please contact Ed Chesney, since I will be out of town next week.

Sincerely,

John Buttrey
